CHEST TOPS \$4000

A total rising \$4000 was reported at yesterday noon's Community Chest drive luncheon with two full days to go toward raising the \$7500 required. This noon's luncheon is at 12 o'clock and the campaign will end with a "victory dinner" tomorrow night at 6:15.

An excellent representation of the various teams was on hand yesterday noon to applaud the returns and enjoy the fine luncheon served by the ladies of the Universalist Church under direction of Mrs. Faith Berry.

General chairman Veazie presided with the irrepressible Parker Worrey functioning at the score board. The women's division under chairmanship of Mrs. J. N. Southard did itself proud with a large attendance and seven good ward reports led by Mrs. Basil H. Stinson's Ward 4 team's contribution which was well over its quota. The women's division total was a handsome \$726.40. The Lions had ample excuse to roar over their splendid total of \$344, which led the Commercial Division. The final total was \$4000.65.

Special prizes for the women's division and commercial division are promised for today's luncheon. An even larger attendance is hoped for. Many sections of the city are being canvassed at the present time and this noon's total will unquestionably be well on toward the final goal.

Rockport's 12th annual carnival-regatta opened Wednesday with sunny skies and a southwest wind, making conditions ideal for sailing and swimming contests.

The moth boat race was the first feature on the program, and was of much interest as it was the first race of this type of boat ever held here. Bill Ingraham was the winner, his boat covering the course in 2 hours, 38 minutes, 50 seconds. Steward Rhodes sailing the boat owned by his father, C. E. Rhodes, Sr., came in second, time, 2 hours, 44 minutes, 22 seconds.

A free-for-all open to all small class boats was eagerly watched by the large crowd of spectators. Arthur McNeill of Chicago sailing his HAJ boat was the winner, time 1 hour, 4 minutes, 53 seconds. In the Judges' decision the size of sail was considered, giving second place to H. Bickmore, 1 hour, 30 minutes, 32 seconds.

In the swimming events, which took place while the boats were covering their course the White family of Auburn were prominent among the winners, particularly in the State Championship contests. Another interesting feature of the afternoon's contests was the diving of six-year-old Helen Lorraine Murray, baby champion diver of Canal Zone, who with her parents, is spending a vacation at the Fuller camp at Lake Muncitook. She entered the midge race with girls all over 12 years of age and came in with fourth honor. Helen has the record of being the first child in the Canal Zone in 20 years to do a swim dive from a 30

St. George Wins Championship of First Half of the Knox Twilight League

THE BOK PRIZES

The recent statement in this column that the Bok prizes related to the second half of the split season, was made in ignorance of the fact that a League meeting had been held, and the matter otherwise arranged. St. George, winner of the first half, will play the winner of the second half for the \$250, and the loser will receive the \$100 prize. Should St. George win in both halves the play-off will not be necessary, and the teams which ranked second in the respective halves will play off for the second prize.

St. George 5, Thomaston 4

Thomaston outbatted and outfielded St. George in last night's game at Community Park, but lacked the punch in the final analysis and the game which meant the championship of the first half of the

This St. George rooster is crowing lustily this morning

split season in the Knox Twilight League went to the gallant lads who came up from the sea.

The two teams battled on fairly equal terms, Thomaston making only one more hit than St. George, and having the same total as to bases. Simpson who started for St. George lasted only two-thirds of an inning, retiring when Thomaston had scored two runs on successive hits by Robinson, Libby and Glover. Colbath who succeeded him, went along nicely until the sixth inning when Thomaston scored its other two runs. Both were made after two men had been retired, an error at first, a base on balls and a single by Felt making the tallies possible.

The score at the end of the sixth inning was 4 to 1 in favor of Thomaston, but there is more truth than poetry in the statement that St. George is never beaten until the last man is out, and that's exactly what happened again last night.

In the seventh inning Monaghan walked, Lowell singled and both scored on Hawkins' long single. St. George went out in order in the eighth inning, but Thomaston got a man to third without being able to push him across, thanks to the efficiency of one Maurice Simmons, who made a nice play of Felt's hot grounder.

Things were doing in the ninth inning, but they chiefly concerned the contenders from Tenants Harbor. Monaghan dodged the first ball pitched, and plucked the second for one of the longest hits seen at Community Park the present season.

Robinson did a good job in retrieving it, but the fleet-footed "Dumpy" was safe on the third sack. The St. George section literally went wild, but its joy was curbed for the moment when Felt threw out Lowell at first and Walker fanned Hawkins. Another Lowell was sent in to pinch for Colbath and drew a pass. And then to the plate started Cal Smith who had stood a lot of ragging from the third base bleachers. Papa Cal pasted the pill for two bases, scoring two St. Georges runs. Davidson made the third out, flying to Libby, but it was good bye on the Isle of Capri—for Thomaston.

Walker's single over first aroused the Thomaston fans' drooping spirits—the last time they were to be roused in this fateful game. Robinson was out, Simmons to Davidson. Libby hit directly into Simmons' hands, and there went two out, with Walker hankering to make the homeward trek.

It was now up to Sammy Glover, but Simmons' shoots and the responsibility resting upon his young shoulders were too much for him and he fanned.

Running back over the game one sees some amazing good plays by Wiley, Simmons, Gay and Felt and nice catches in the outfield by Hawkins and Robinson.

That outfield skating rink which should never have been permitted to spoil right field again got in its deadly work—this time at the expense of Thomaston.

The game was interrupted in the eighth inning when Moody the Thomaston right fielder, running for a foul fly had a bad upset and injured his left wrist. Moody is one of the hardest workers in the League and has pulled off some fine plays this season.

Incidentally the fans should toss a bouquet at those three fine umpires. The score:

LEVI FLINT IS CHAIRMAN

Three-Quarter Century Folks Sure Of Transportation To Ellsworth August 12

Rockland and Knox County members of the Three Quarter will be pleased to learn that the all-important matter of transportation of members to the forthcoming meeting is in the capable hands of Levi Flint of this city as general chairman. Associated with him are these various town chairmen:

Appleton, Maynard M. Brown; Camden, John Taylor; Thomaston, Donald P. George; St. George, Granville Bachelier; Owl's Head, A. B. Borgeson; Rockport, L. True Spear; Union, Dr. M. C. Stephenson; Warren, Chester Hall; Friendship, O. C. Cook; Cushing, Clarence Wales; Hope, Mrs. Helen Wentworth; Washington, Earl Boynton; North Haven, Roy Brown; Vinalhaven, O. V. Drew; Rockland, Joseph Dondis.

Chairman Dondis of the Rockland group asks that all those over 75 years of age who wish to make the trip notify him immediately at Strand Theatre 892 or his home, 78-M. All who are able are asked to be at Strand Theatre before 8:30 the morning of Aug. 12. If it is impossible for them to get to the theatre please so tell Mr. Dondis when phoning and you will be called for. Take only box luncheon, coffee, etc., will be provided at Ellsworth. He urges that notification be made at once in order that sufficient cars may be provided. Of course transportation is free.

Detailed information as to the leaving points and hours will be prominently displayed in these columns, issue by issue. Those wishing transportation need only to watch these columns and notify their own town chairman of their desire to make the trip.

As Aug. 12 approaches, plans are being headed up for the annual meeting of the Three Quarter Century Club at Ellsworth. This bids fair to be one of the largest and most successful sessions in Club annals, and Maine's "boys and girls" are anticipating a grand picnic and get-together.

PREVIEW OF WORLD'S FAIR

Remarkable Exhibit Will Be Given August 11-12 At Community Building

Sponsored by the Chamber of Commerce, the Kiwanis, Lions and Rotary Clubs of Rockland, Previews of Progress, presenting exhibits planned for the New York World's Fair of 1939, will be given free of charge to the people of Rockland and vicinity next Wednesday and Thursday.

Under the combined sponsorship of the Chamber of Commerce, Kiwanis, Lions and Rotary Clubs, Previews of Progress will be presented in Rockland at the Community Building next Wednesday and Thursday evenings with admission free to all. Left, Ernest L. Foss, director, Previews of Progress; right, Charles F. Kettering, General Motors research director, who produced Previews of Progress.

day, August 11 and 12, at 8 p. m., daylight time, in the Community Building, it was announced yesterday.

Previews of Progress is a stage and screen demonstration of the romance and "magic" of modern science produced by General Motors Research Laboratories, directed by Charles F. Kettering, eminent scientist. Ernest L. Foss, born and educated in Portland, Me., is director of Previews of Progress.

"Eggs frying on a stove" without heat," said Robert McKnight of General Motors, here on advance arrangements for the showing, "the making of light without heat, the seeing of sound, the hearing of light, the 'stopping' of motion with a Neon lamp, the brightening of stones with 'black' light, the flashing of lightning from 1,000,000 volts of high-frequency current and the demonstration of 'polaroid,' the new laboratory discovery in safety—these are some of the amazing features of this popular stage show."

"Mr. Foss, in making these dramatic experiments, is both an able teacher and an amusing entertainer. He served as lecturer both years at the Chicago World's Fair and is a veteran of the General Motors Parade of Progress Exposition, which has crossed the continent in nearly two years of travel, in a series of popular performances in the larger cities."

Previews of Progress has just completed performances in Bar Harbor and is now playing in Bucksport, en route here.

"In no sense an automobile show," Mr. McKnight said, "this educational entertainment attempts to tell the story of scientific research for all industry. Research quietly and steadily improves comforts and conveniences for the people and reduces their costs. In this laboratory pro-

it, gives added confidence in the future of America.

The Kiwanis Club has invited Mr. Foss to address the members in the meeting next Monday evening at the Copper Kettle. Previews of Progress then will be playing in Camden and Mr. Foss will leave immediately following to open the show in Camden. It is expected that he will make some of the demonstrations featured in Previews of Progress from the dinner table.

"Public response to Previews of Progress, which has been called a 'circus of science' and the 'world's fair of the future,' said Mr. McKnight, 'has been most gratifying. It is the sort of thing that everyone—rich and poor, young and old, men, women and children—likes tremendously. We have averaged 1400 in attendance every day since we left Detroit on May 3, just three months ago. In Barre, Vt., on a Monday, 2500 people were drawn to performances.'"

"In Maine, Previews of Progress was first sponsored by the State Normal School at Farmington. In Skowhegan, the Lions joined Rotary in sponsorship. At Bangor, the City Club, Kiwanis, Lions, Rotary and Zonta Clubs joined the Chamber of Commerce in presenting Previews of Progress. The Bar Harbor showing was made under the auspices of the Chamber of Commerce of Mt. Desert Island and the Lions' Club."

"Special invitations are being printed for members of the sponsoring groups to use in personal contacts among friends and business acquaintances."

The stage portion of Previews of Progress lasts something over an hour. This is supplemented by a half-hour screen presentation, "Progress on Parade," featuring Edwin C. Hill, Lowell Thomas, John S. Young and John B. Kennedy as commentators.

SILLS TRIBUTE

Bowdoin's President Writes From England's Metropolis To Express Sorrow

Kenneth C. M. Silks president of Bowdoin College was in London when the death of former Governor William T. Cobb took place. Writing from that city he pays the following tribute:

"I have just learned of the death of Hon. William T. Cobb. By his passing Maine loses one of her foremost citizens and Bowdoin College one of her most loyal and most useful sons. Governor Cobb during his long service as a trustee of Bowdoin was most wise, most broad-minded, most considerate and most able. I have served on countless committees in my day; I have never known such a perfect chairman as Governor Cobb made. Always strong in his convictions and even stronger in his principles Governor Cobb nevertheless had qualities of charm and gentleness that won and held the deep affection of all who knew him personally, and gained the respect of others."

"As president of the College he loved and served I can only add that personally and officially I have lost a valued friend from whom no one has been more helpful to me during my administration. We shall not look upon his like for a long, long day!"

A TENNIS TOURNEY

Entries are coming in for the annual tennis tournament to be held at the Northport Golf Club the week commencing Aug. 16. There will be singles for both men and women as well as mixed doubles. This tournament is promoted for the enjoyment of tennis enthusiasts around the Penobscot Bay region. Send applications at once to Miss Marion C. Eaton, Bayside, care Northport Golf Club.

OPEN C C C ROADS

Waldo N. Seavey, Maine's forest commissioner, and wild land owners met in Augusta Tuesday to consider requests of Federal authorities that the State or the land owners "guarantee" maintenance of roads built by CCC camps and permit the general public to travel over them. Seavey said approximately 200 miles of roads through wild land already had been constructed by men of the CCC camps. He said the Federal authorities would not permit the construction of additional roads unless the State or the landowners guarantee their maintenance." The Federal officials also desire an easement of the right-of-way on these roads and others which may be built, so the general public can travel over them.

NEW ENGLAND LANDSCAPE

On a sepioid ground
Shot with orange light,
The pines
In blue-black lines;
And birches slender,
Diagonal, and white,
Stencil compact designs.
The inevitable wall
As it leaves the woods,
Breaks to a sprawl
Of separate stones,
Echoing the tones
Of sepia and orange
With high-lights
Of chrome and red.
Until they find a bed
In the spotted lilac
Of the meadow,
And riding the blue shadow
In the valley's cupped palm
Lie a handful of ripening grain
Over Monadnock.
A decorous cloud
Is slowly unwinding its skein.

GIDEONS GATHER

Christian Business Men, One Hundred Strong, At Rumney, N. H.

Four Knox County residents are among nearly 1000 persons from 18 States registered this week for the annual conference of Christian Business Men sponsored by the New England Fellowship at Rumney, N. H. These visitors are Dr. H. V. Tweedie, Albert Bendislow, John Holbrook and Dr. D. G. Walker.

Presiding at the gathering is President J. Elwin Wright of the Fellowship, who is well known throughout New England. During the week varied evangelistic sessions will be held under his direction with prominent speakers from several States participating. Among the speakers are James E. Bennett, New York lawyer; Howard W. Ferrin, president of Providence Bible Institute; Rev. Clarence S. Roddy of the First Baptist Church in Portland, Maine; and Charles E. Gremmels of New York.

George Dibble, evangelistic song leader, and Mrs. Dibble, speaker, are in Rumney for the remainder of the summer. They are prominent throughout New England and are members of the N.E.F. staff. A rally day for Gideons from many States was held Tuesday with a number of national and international officers in attendance. H. A. West of Oregon, international vice president; Samuel Fulton, international chaplain of Milwaukee; and A. B. T. Moore, editor of the Gideon magazine, were among those attending.

FLOWER SHOW

Mrs. Earle R. Gowell and Mrs. Edwin L. Scariott are two of the happiest persons in Rockland in working out their display by children from the ages 4-16, for the Summer Flower Show. To quote Mrs. Gowell: "Why the enthusiasm among the children is marvellous!" The children contacted number about 40. These youthful nature lovers will fill tomorrow's bowls with beauty.

There will be arrangements of large and small flowers in any container. A group of group of four-year-olds will present a project that will charm all. The wild flower project is being worked out by a group of 15-16 year olds. The same group is doing a nature project using ivory soap for garden, furniture, bridges, peopled with ivory miniature characters. This display will fascinate the fastidious.

"Flower carts! Look at the flower carts!" will be the ejaculation of many when their eyes feast on the arrangement of flowers, fruits, or vegetables using a wheelbarrow as container. These carts will be of various colors with Mrs. Charles H. Berry directing flower traffic.

"Tea for two" or "Tea for four" will cut short the walks through the garden at the Flower Show, after Mrs. Charles H. Berry has arranged the tables. The pencils will jot down on the pads just the appealing notes that can be carried out in the various home gardens. "Let's have tea in the garden."

Mrs. Leforest Thurston, chairman of basket arrangements, has asked Mrs. Nathan P. Cobb and Mrs. Harry Levensaler to assist. The short-stemmed and long-stemmed flowers in the many-shaped baskets, arranged by local artists, will be one more display—another highlight of the show.

The florists are very busy these days, answering the nodding flowers that are so eager to fill a space in attractive baskets at the Summer Flower Show. All exhibits will be masterpieces. Beside these baskets will be placed literature in folders from the Rockland-Rockport Lime Company, telling in an interesting way how to grow a patch of lime loving plants.

Mrs. J. A. Jameson, chairman of centerpieces, has two divisions to satisfy this class admirer—A. Lunches (informal) and B. dinner (formal). She will have the exhibit on 16 card tables, furnished at the Community Building, eight tables in each class. Those entering this display will select their own color schemes in cloth, centerpieces, etc.

"Hello! I want a basket of flowers!" "All right. A basket is a basket. I have high baskets, low baskets, square, oval, round, triangular and fan-shaped. I can supply any color scheme. I can fill a basket with flowers for the porch, for the tea table for the sick room, for the office desk."

"Fine. Fill me a basket of the best you have. I want to give it to mother, for she has promised to take sister and me to the Summer Flower Show, where I can see all the colorful displays I have been reading about in The Courier-Gazette."

Before Municipal Court yesterday forenoon was John H. Ryan, 26, of Malden, Mass., who was arrested by the State Police in Camden Tuesday charged with the forgery of a check for \$25 and issuing one for \$15, without having sufficient funds. The officers said he made a confession, involving also the theft of a motor car which he was operating at the time. Ryan was held for the November grand jury, and failing to get bail was remanded to the County Jail. Wilfred Riley, 21, also of Malden, arrested with Ryan, was not arraigned, his story convincing the authorities that he was not involved. The State Police, however, were informed by the Malden police that warrants were held for both Ryan and Riley, and they will be held for the Bay State authorities.

Campaign Flashes

The Rockland Community Chest campaign "kick-off" dinner was enthusiastically attended. Seated at the head table were General Chairman Edward R. Veazie, Colonel Basil H. Stinson, President of the local Red Cross, H. P. Boddett, Vice Chairman of the drive and Chairman of the Special Gifts Committee, Mrs. J. N. Southard, Chairman of the Women's Division, Harold Whitehead, Boy Scout enthusiast, Mayor L. A. Forst, A. Thurston, C. H. Duff, Captain Carl Bowness of the local Salvation Army, Colonel I. Leslie Cross, President of the Civil War Association, J. N. Southard, Vice Chairman and the Rev. Corwin H. Olds.

Kiwanis Club attended the "kick-off" in full force with their President Arthur F. Lamb, Rotarians and Lions were also much in evidence. Hat's off to the local service clubs for their valued support.

We cannot appeal too strongly for the people of Rockland to support their Community Chest Fund. The obligation to support financially the splendid agencies of the Chest is a positive one.

Those who have it in their power to give life cannot afford to withhold it. In the deeper effect on our community the giving and what it creates is as important as what it creates in those who receive.

In this campaign the forces of all public-spirited citizens are joined in a common effort. Their endeavor is to raise the full amount of the irreducible minimum of \$7,500 necessary to carry on effectively the local agencies of the Community Chest for the next twelve months.

The man or woman who subscribes to the Community Chest Fund not only is assuring comfort and care to people ill in body and mind, but is protecting the family and business in assuring a better community to which to live.

Extra flash! Ward 4, with Captain Mrs. Basil H. Stinson is over the top and a splendid advance on 1936. Heartiest congratulations to you Mrs. Stinson and your ladies of Ward 4. And the Lions roar could be heard when a complete victory was announced with an oversubscription of the quota of three hundred dollars. Fine work, gentlemen.

The first report luncheon was sponsored by the ladies of the Universalist Church, Mrs. Faith Berry, chairman. It was a beautifully served luncheon and tasty as anything could ever be.

Over seventeen hundred dollars was reported at this first meeting. The ladies on top with \$726 of a quota of \$1,100—approximately 65%. Mrs. Southard certainly had a lot to be jubilant about.

Thursday's luncheon will be supervised by Alfred Church, assisted by Mrs. Milton Rollins of the G.A.R. Auxiliary and Mrs. Emma Alden of the Episcopal Women's Association.

Victory supper at the Masonic Temple at 6:15 p. m. covered by the ladies of the Congregational Church, with Mrs. Harriet Silsby Frost in charge. A big crowd of workers is rightly anticipated. In the meantime let's put it over. It can be done, Rockland.

KNOX VS. KENNEBEC

Amateur Boxing Tournament At Spanish Villa Rink Tonight

Robert Lebrasseur of Winslow and Philip Fisher of Waterville will lead a seven-man amateur delegation from Kennebec County against the pick of Knox County amateurs tonight in the Spanish Villa Rink.

This tournament, the first of a series of eight county tournaments sponsored by the Bangor Daily News, will commence at 8 o'clock daylight time.

Proceeds from the tourney will be used by the news Santa Claus Fund to provide toys and clothing for needy children at Christmas time. Camden CCC amateurs will provide the chief competition for the invading Kennebec delegation, although Rockland will be represented by an able delegation.

John E. Richardson of Spruce Head and Bert E. Brooks of Camden forwarded their entry blanks yesterday. Both are 135-pounders. There will be eight classes of competition, ranging from 112 pounds to heavyweights with approximately 30 youths competing for the eight class titles. The winners will compete in Bangor Sept. 30 and Oct. 1 for state titles and major prizes.

Seats, especially rented for the occasion, will be available for all reserved seat ticket holders. Admission to the tournament is 50 cents.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heavy, greasy, or rich foods or when you are nervous, hurried or over-exercised, your stomach fails to do its job. Your food doesn't digest and you have gas, heartburn, indigestion, pain or sour stomach. You feel sour, sick and upset all over. Doctors never take laxatives for stomach pain. It is dangerous and foolish. It takes three little pills called Bell's and for indigestion to make the excess stomach fluids harmless, relieve distress in 5 minutes and put you back on your feet. Relief is so quick it is amazing and one 25¢ package proves it. Ask Bell & Co. 1927. Indigestion. Sold everywhere. (c) Bell & Co. 1927.

MRS. JOHN H. WILSON

Mrs. John H. (Frances Durgin) Wilson died July 25 at her residence on Holmes street.

The deceased was 83 years of age and was one of the six daughters of the late Sullivan and Ruth Durgin of Rockland, and was the last member of the family to pass away. She was married Dec. 1, 1873 to the late John H. Wilson who died forty years ago.

The greater part of her life was spent in Rockland and South Thomaston. Her married life was extremely happy and she was a very devoted wife and mother.

She is survived by her only daughter, Mrs. Florence Sherman, who has cared for her the past few years, during most of which she was an invalid. She is also survived by two nieces, Mrs. Mary Gross and Mrs. Aurilla Venner of Rockland; two nephews, Fred Burns of Malden and John Burns of Worcester; and by Mrs. S. S. Waldron who resided with the deceased eight years prior to her marriage, and of whom she was very fond.

Funeral services were held July 28 in the Methodist Episcopal Church of which she was a member. Rev. C. E. Brooks officiating. The floral tributes were many and very beautiful. The bearers were Harold Jackson, Harold Wildron, George Blithen, Cyrus Gross and Lucius Perry. Burial was in the family lot at Sea View Cemetery.

MRS. CHARLOTTE LADD

Mrs. Charlotte Pales Ladd, widow of George C. Ladd, died Sunday, July 25, at home of her son Walter C. Ladd, where she had been making her home. Born Aug. 10, 1856 she was the daughter of Josiah and Roxanna (Poland) Pales of Thomaston. Besides her son Walter Ladd she is survived by two grandsons Clifford and Edward Ladd. Funeral services were held Tuesday at 10 o'clock at the Ladd residence, Walker Place, Rev. E. O. Kenyon officiating. Interment was at Thomaston.

COMPULSORY EXAMS

For Motor Vehicle Operator's License Will Begin Aug. 16 In Portland

Compulsory examinations of new applicants for Maine motor vehicle operator's license under a law which became effective July 24, will start Aug. 16 in Portland.

The law was enacted by the Legislature last winter requiring all new applicants and those who have not had a license in one of the last three years to take a driving test and physical examination.

Secretary Robie said he planned to effect a new ruling that all operators who have been convicted of drunken driving, reckless driving and leaving the scene of an accident will be required to take the regular examination before having their licenses restored.

Approximately 300 new applicants for operators' licenses have been received at the main office from various branches since the law became operative Robie said.

Star Alley Team Ready To Meet Bowlers From All Quarters

Rockland, Aug. 3 Editor of The Courier-Gazette:—Here we are again, about to take off on what should be a great season for the bowlers of Knox County. State Champion John Thomas has

been busy the past two weeks, fixing up the lanes at the Star Alleys, sort of getting a jump on the winter season.

We at the Star Alleys hope that Mr. Drew, Gene Hall and "Goose" Arey have had a nice summer and also hope someone has shot that "Left Footed Seagull" from the Camden Y.M.C.A.

At last the mystery has been solved about this left footed menace. The joke is that he is left handed and some bowler, according to the Camden League Records, Paging Chick

Maynard, captain of Maynard Maulers. So after the middle of September the Star Alley team wishes to make known, it is still around and will be on deck for any challenges that may come floating in from the Haven of down the pike from Camden. Star Bowling Reporter

Older residents of Rockland will be interested to know that Thomas Barker a former resident of this city, is now making his home in Capitola, Calif.

Ramona Niles, daughter of Mr. and Mrs. Perley E. Niles, who is recovering from a broken wrist, is now being treated for blood poisoning in her foot.

The receipts at the Carlton bridge in July were nearly \$4000 larger than for the corresponding month a year ago. The Waldo-Hancock bridge also showed a large gain.

Walter Aho of Warren pleaded guilty to drunken driving in Municipal Court Tuesday and was fined \$100 and costs. He appealed and furnished bail in the sum of \$300.

The Courier-Gazette acknowledges invitation from Vitagraph, Inc., to attend the annual Warner Bros. National Exhibit, which will be held Aug. 23 and 24 at Hotel Statler and Majestic Theatre in Boston.

CARS TO ELLSWORTH

All local members of the Three Quarter Century Club or persons over 75 years of age who wish to make the trip Aug. 12 to Ellsworth should telephone Rockland chairman Joseph Dondis at once at Strand Theatre, 892 or his home, 38-M. Simply state your name and where you live. If it is better to call for you at your home, tell Mr. Dondis when giving your name, and you will be called for. All those who are able are asked to assemble at Strand Theatre by 5:30 the morning of Aug. 12. Take light luncheon. Coffee etc. provided in Ellsworth.

Be sure and telephone 892 or 38-W at once giving your name and saying if you wish to be called for.

The Rockland City Band gives a concert at the Public Landing Sunday night at 7:30. Maybe you have never visited this popular resort. If so, go there Sunday night and hear a fine concert.

A splendid gift to the Yacht Club was received Tuesday afternoon and is now installed, comprising a fine new suite of furniture replacing that made shabby by years of use. The donor was a summer resident long time friend of the yacht club and lover of salt water.

A. P. Chapman of this city, who has been acting as deputy warden at the State Prison, has been succeeded as captain of the guard by Theodore E. Rowell, and has resumed his former duties as engineer. Rowell is a native of Liberty and was at one time an officer at the Rhode Island State Prison.

The aristocratic confines of Talbot avenue became a temporary gangland Wednesday morning, or so it seemed when a terrific barrage of gunshots was heard. Maybe it was backfiring—so the police say—but certain residents who have done lots of backfiring in their day say a machine gun or submachine was being turned loose. LATER—The police found no corpses.

Indefinite rumors are being heard concerning the sale, or negotiations for the Farnsworth building next north of the Knox County Trust Company's building. Nobody knows who the would-be purchaser is, and maybe there isn't one, but the fact remains that the City has been approached with reference to the use of the city's property as common way for a one-story brick structure, which would extend backward from Main street.

Two months ago some of the ardent baseball fans, trying to resurrect the Knox Twilight League found themselves wondering if the National game was going to be replaced by soft ball, archery and dominoes. The answer was found last night in the big crowd which saw the St. George-Thomaston play-off. The present League is one of the best in years but will be over in less than four weeks. Lose none of the fine games which remain.

At their attractive summer home at Stone's Point, Cushing, are Madame Nobel, Dr. G. R. Nobel, Dr. Bernard Judovich, and son Joel of Philadelphia and guests. One balmy day recently they went with Capt. George E. Horton on a deep sea fishing trip in his new boat the "Orissa W." They all made fine catches of cod, haddock, pollock, hake on hook or line, but Dr. Judovich's feat of catching a 40 pound halibut on rod and reel, the fishermen say, is a miracle in these waters.

When The Courier-Gazette was able to announce recently that cars from 48 States and the District of Columbia had been seen in Rockland this season, a great deal of surprise was expressed, and a number of State papers commented on the fact. Following this paper's example the Maine Publicity Bureau at Portland is making a similar check, both as to States and Canadian Provinces. The Provinces shown in the Portland check were Quebec, New Brunswick, Ontario and Manitoba. Rockland has been visited by cars from Ontario, Quebec, New Brunswick, Nova Scotia, Saskatchewan and Newfoundland.

At Tuesday night's meeting of Rockland Townsend Club 11 plans were completed for the big clambake which is to be held at Oakland Park next Sunday. The Park will be opened at 9 a. m., the clambake will be served at noon, and there will be speaking in the afternoon by Congressmen James M. Oliver and Ralph Brewster. Governor Barrows is expected to arrive between 3 and 4 p. m. Thirty bushels of clams will be in readiness for the 2000 or more persons expected. The Townsend Club Orchestra will furnish a program of sacred music, with vocal and instrumental solos.

Mrs. Nettie Smart, president of the Temple Heights Spiritual Corporation, of Northport, and Mrs. Emma Wakefield of Dexter are at Nickaw Lodge, Temple Heights, preparing for the annual Competing which convenes Aug. 14, to 22, inclusive, with an excellent group of speakers. They are Mrs. Helen Graham of Norfolk, Va., George Hoxie of Lincoln, Mrs. Nettie Smart of Prospect, and Chester Lucas of Portland, all well known Maine psychics. Rev. Ashley Smith of Bangor is also on the program for the opening Sunday. Victor Wrenn of Madison is soloist for the week accompanied at the piano by Mrs. Adelia Morse Rossiter of Camden.

The elaborate process involved in the manufacture of Schrafft chocolates was explained to the Rockland Lions Club yesterday through the medium of motion pictures presented by W. N. Shaw. The process was not only highly interesting, but showed the extreme efforts made by the manufacturers to give their patrons the best possible confection and to safeguard them through sanitary methods. Mr. McKnight appeared before the club in the interest of the stage show to be given at Community Hall, Aug. 11 and 12, called preview of Progress. It illustrates the romance and magic of modern science, exhibits plans for the World's Fair in 1939 under the sponsorship of General Motors. Guests yesterday were Dr. A. H. Chase of Boston, S. W. Gregory of Hartford, and State Patrolman Henry Roper. Dr. Chase is a member of the Boston club and during his summer residence in Warren is a regular visitor at the Rockland meetings. The club voted \$25 to the Community Chest Fund and a round of applause greeted Wilbur Senter's announcement that the Lions team had turned in \$218 in pledges and \$136 in cash to the Chest Fund—a total of \$354. The attendance record yesterday was a tie. Chairman Ingraham of the entertainment committee announced that Supt. George J. Cumming will be the speaker next week.

'T WAS A SUCCESS

Catholic Lawn Party Furnishes Lots of Amusement and Makes a Nice Dollar

A prosperous triumph was achieved Tuesday on the expansive green of St. Bernard's Church when parishioners held their annual lawn party in conjunction with St. James Church of Thomaston.

The afternoon hours were a fleeting succession of children's pastimes as the juniors romped the length and breadth of the spacious lawn. Miss Rose Flanagan arranged and supervised a brisk sports program which afforded wide outlet for athletic energy, prowess in the races being classified in this order: Three-legged race—boys, Charles Seaman and Linwood Harmon; girls, Alice Fitzgerald and Barbara Torrey. Peanut race—boys, Joseph Anastasio; girls, Benedicta Anastasio. Potato bag race—boys, Joseph Anastasio; girls, Eleanor Fitzpatrick. Thirty-yard dash—boys, Charles Seaman; girls, Eleanor Fitzpatrick. Dash—boys, Robert Fogarty; girls, Dorothy Skinner.

Booths festooned in brilliant crepes were heavily patronized for fancy work, refreshments and games of skill. Skill in marksmanship met a grilling test at certain of the stands but win or lose, smiles stayed placed and change jingled freely as the pleasure bent throngs moved about among the attractions.

At the supper tables the flow of patrons was in the nature of a steady procession for a couple of hours, in which time the company of housekeepers and waitresses cared for 550 hearty appetites. Mrs. Arthur Doherty was head waitress, her corps made up of Misses Doris Anderson, Anna Boardman, Louise Ferraro, Agnes Flanagan, Rose Flanagan, Doris Gatti, Evelyn Hayes, Ethel Hayes, Louise McConnell, Anna Pellicane, Josephine Pellicane, Mary Snow, Mrs. Clifford Cross, Mrs. Leonice Delano and Mrs. Streeter Webster.

Housekeepers were listed as: Misses Ellen Daly, Anne Carini, Vetricia Carini, Mrs. Joseph Cassidy, Mrs. James Derby, Mrs. G. C. Knight, Mrs. David McCarty, Mrs. Raymond Moulson, Mrs. John Ranlett, Mrs. Leroy Rogers and Mrs. Gregory Wynne. John Ranlett served as meat cutter.

At dusk the glow of colored electric lights mingled with the roseate sunset hues to form a scene of twilight splendor but there was much or half in activities, instead of which music by the Rockland City Band wafting over the night air supplied animation to the grounds on the strength of which St. Bernard's favorite pastime, beano, was launched at crowded sections. A sound system with Lawrence Dandaneau as announcer left no suspense on the part of prize winners.

A capital award of a ton of coal went to Daisy Welch. Lesser trophies were claimed by: Lena Hamilton, cord of wood; Mary Snow of Camden, electric toaster; Dr. Dana S. Newman, fruit dish; Miss Lotte McLaughlin, sandwich tray; Kay Turner of Thomaston, fruit dish; Cliff Larrabee, toilet set; Eugene Williams, lamp; Emer Ireland of Thomaston, 100-pound bag sugar; Hazel Keller, quilt; Mrs. Frank Butler, 10 gallons gasoline; Gregory Wynne lamp; Rev. Fr. John Young, lamp; Mrs. Eileen Doherty, Permanent wave; Joseph Sylvester of Portland, lawn chair; Mrs. Margaret Kent, chair set; Mary Flaherty of Camden, set of dishes; cash award \$10. Rev. Fr. John Young, Ireland of Thomaston, N. H.

Results were far in excess of expectations not only in monetary sense, but in the fostering of conviviality and cheerful teamwork. St. Bernard's Parish has again taken a progressive stride in community activity.

—By Kay McDonald.

The second council meeting of Department of Maine, U.S.W.V. Auxiliary will be held Sunday at the Grand Army in Lewiston at 2:30. The Rockland and Camden Camps and Auxiliaries are invited. Mrs. Teresa M. Buckley, department president of Lewiston, has recently appointed Mrs. Adah Roberts of Rockland, press correspondent.

Another Grand Army veteran was laid at rest yesterday afternoon when funeral services were conducted for Col. William P. Hurley at his late residence on Summer street. Many old friends and neighbors were present. The sermon was preached by Rev. Dr. John Smith Lowe and the Grand Army ritual service was conducted by Kenneth Moran of Anderson Camp, S.U.V. George T. Stewart, Milton M. Griffin, George A. Simmons and Augustus Huntley were active bearers, and Col. E. K. Gould and Col. E. C. Moran acted as honorary bearers. The interment was in Achorn cemetery, where a firing squad officiated and taps was sounded. The Veterans Facilities, at Togus, formerly the Soldiers Home, which the deceased one time served as Governor, was represented by Major Perkins.

HOW OFTEN CAN YOU KISS AND MAKE UP?

NEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month. You can say "I'm sorry" and kiss and make up easier before marriage than after. If you're wise and if you want to hold your husband, you won't be a three-quarter wife.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three or four years of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

"Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go 'Smiling Through'."

COMING ELECTION

What It Means To Vote For Or Against the Sales Tax

(From the Old Age Association and Educational Alliance)

As Aug. 16 approaches one can hear from all quarters the various arguments for and against the sales tax to be voted upon, which reads thus:

"Shall the act to provide for old age assistance, to guarantee a minimum educational program and to provide revenues therefor, as submitted by the 88th legislature to the people, be accepted?"

Opponents of the measure have stated repeatedly that the wording of the above act to be voted upon is misleading. This is, of course, untrue for the statement means just what it says.

Those who fear that the imposition of a tax will be a detriment to the State of Maine have united in a fine manner to preserve their interests, but what about the old folks who will be the recipients in the event that the referendum passes? They have not the funds to combat opposition, for, if they did, there would not be at the Division of Old Age Assistance at Augusta 27,969 applications for aid.

Fortunately, the greater portion of the citizenry of Maine is aware of conditions existing among the aged and for some time there has been a group of fair minded people, called the Old Age Assistance and Educational Alliance, who have delved deeply into the matter being voted upon and assimilated the following facts and figures so that the people of Maine may know what is the complete picture.

At present writing there are 3957 of the old folks receiving old age assistance. Of this number, 901, or 22.7%, were receiving public relief in some form previous to the old age grant. The average grant being \$20.01 per month per person indicates that if the entire list of applicants were receiving aid, it is probable that relief agencies throughout the State would save annually approximately \$1,350,000. There is on record a case in town of 1500 people that was costing the town more than \$750.00 annually for many years. Since May 1, 1936, when the applicant was granted old age assistance, the town has not been asked for relief. According to town officials, this one case meant a probable reduction of one mill in taxation. The above is but one of many similar cases.

On May 14, 1936, a case worker from the Division of Old Age Assistance visited an applicant, and concluded his written recommendation for \$30 monthly as follows: "I heartily recommend that she be placed on the payroll as soon as possible before they starve to death."

The actual story of this case was that the applicant's husband had been unable to work since 1908 due to sickness. The only income came from the applicant, herself, who crocheted booties and averaged approximately \$1 per week from her efforts. Most of this money went into the purchase of medicine for the ailing husband. Part of the floor, most of the chairs, and, in fact, anything made of wood had been used for fuel. For eleven days they had existed on one peck of potatoes and, when the worker called, there were but two potatoes left and nothing else in the larder. The grocer and town officials were amazed that this condition existed but, like hundreds of other applicants, the couple would have starved before asking for aid. These conditions are indeed deplorable.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 5 pints a day of about 3 pounds of waste. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, lumbago, loss of pep and energy, getting up night, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes and filters get rid of the waste from the blood. Get Doan's Pills.

AT THE STRAND FRIDAY-SATURDAY

If Edward Arnold seems to have his hands full in the picture above from "Easy Living," in which he is co-starred with Jean Arthur, it's nothing to what he actually has to go through in the picture after bestowing a \$50,000 coat on a girl whom he doesn't know!—adv.

Few people have the pleasure of celebrating their 97th birthday in the joyous manner of Mrs. Melvina S. Crawford, remembered by relatives and friends with letters, cards, baskets of fruit, berries, bouquets, numerous gifts, and a birthday cake. She made an auto trip to South Thomaston and called on her brothers, Charles and Jackson Snow, her nieces Miss Beulah Snow, Miss Eusebia Grierson, Mr. and Mrs. Arthur Dennison, then rounded out the celebration by going down to Cushing and passing the week at Camp Repose with Capt. and Mrs. George E. Horton, with whom she has made her home the past nine years. Mrs. Crawford is very active, retains her faculties remarkably well, enjoys her friends and home and hopes to celebrate her 100th birthday as happily.

The "CRAGS," Tenants Harbor Maine

JACKSON MEMORIAL

The Public Is Again Invited To Tenant's Harbor Show Place

Loyal to the literary traditions of the name "Aldrich," a silver tea at "The Crags," picturesque summer residence of the Talbot Aldriches at Tenant's Harbor, will benefit the Mary Elinor Jackson Memorial Library in that community; Thursday, Aug. 12 from 3 to 5:30 being selected as the date when, for the third successive year New England hospitality will be expended in a creditable community cause.

Lives there a memory barren of its childhood delight in reading that a juvenile classic, "The Bad Boy" by

Thomas Bailey Aldrich? If such there be, he has yet a treat in store, and a supplement to it, for the public, during the benefit may visit this author's study which has been faithfully preserved with the very furnishings used by the "bad boy" champion when he sought retirement from his literary labors.

The Talbot Aldrich home will also be on view as well as Mr. Aldrich's studio in adjoining property. Tea will be served in the dining room and those attending may be assured of a pleasantly social afternoon.

WEST ROCKPORT BERRIES

Are Among the Nation's Best—Care In Raising and Harvesting the Reason

Quality above everything is the motto of the State of Maine Blueberry Growers Association at West Rockport, the state's only fresh fruit co-operative, and its members numbering more than 125 are getting ready for the care and marketing of this year's crop, due soon. A modern laboratory and inspection station has just been completed and will house the 9 inspectors and Association chemist.

Every crate of berries will be carefully examined both at the field and the warehouse before being sent to market and the laboratory will be working overtime to determine arsenical residues and other pests that might prevent perfect berries from reaching the consumer.

Organized here 7 years ago the Association has grown rapidly and its members now ship about 50% of the fresh fruit sold by Maine growers in the out of State markets. The average annual gross business during the past three years has been over \$100,000 with most of the yield coming from the fields of Knox, Lincoln and Waldo Counties.

When the picking season starts a large number of trucks will leave the warehouse, here on the Village Common, every night to deliver fresh blueberries into the metropolitan markets, less than 12 hours off

the vines. Hundreds of folks will find employment raking and packing the crops and harvesting time is a boom time in this section. About 15,000 crates will go principally to Boston, New York and Philadelphia.

The purpose of the co-operative is to obtain better marketing conditions for the large crop and to promote the welfare of the industry and the growers in general, according to manager Henry Kontio. Rapid service on prices, supply and demand are available daily to the growers and the group purchase of large quantities of working materials is said to cut costs and raise profits.

Most of the growers of the three counties have become members and take an active part in the administration of the organization. Due to an expanding market the crops are getting larger each year and more land is being put under cultivation. An effort is being made to designate the shipments as genuine State of Maine blueberries and Manager Kontio is much interested in the advertising and marketing campaign being launched by the Maine Development Commission.

"We are grateful for full co-operation from the Department of Agriculture in our work," he said. He looks for a big crop this year and prices that will bring greater prosperity to this section of the State.

THREAT IS PASSED

The Representative Form of Government No Longer In Danger

"During the past few weeks there has been, we believe fundamental change in the outlook for American enterprise," says The First National Bank of Boston in its current New England Letter. Continuing the bank says, "Many of the threats to our form of government and private capitalistic system have been removed or the dangers minimized. The attempt to reorganize the Supreme Court has been decisively defeated. The radical activities of labor have apparently passed the peak and serious consideration is being given to impose responsibility upon labor unions. Indications are that industrial relations will be placed on sounder and more equitable basis. Of much significance is the fact that the more conservative labor groups are important factors in this movement. The plan of covering the country with government power plants in competition with private firms is not likely to receive legislative sanction. Reports emanating from reliable sources indicate that reasonable boundary lines will be fixed by Congress beyond which Federal authority cannot encroach upon state and local activities or upon the field of private enterprise.

"It is dawnning on the man in the street that in order to distribute wealth it must be produced and that this can be done most effectively under favorable conditions for business enterprise and not by harassing legislation and by destroying the profit motive.

"The question of public finance continues to be of deep concern. While Federal deficits are declining due to increased revenues, expenditures continue at the peak. This problem is not so important from the near-range point of view as the load can be carried in a period of rising business. If the trend of rising Federal expenditures is not soon checked, the real concern will be for the future—the next depression when governmental costs may prove overwhelming.

In conclusion the bank says, "In consequence of these developments,

there is a rift in the clouds that provides a basis for more confidence in the long-range future. That business has sensed this change is in part reflected by the increase in new corporate capital issues, which in June here the highest since March 1931. It is true, so far we have only a few indications but they may be significant of a fundamental change in the tide of affairs in this country."

GROANING WITH CASH

Savings Bank Deposits in Maine Highest in the State's History

Aggregate deposits of \$127,225,076 in the 32 Mutual Savings Banks of Maine as of June 30, Harry M. Nelson, executive manager of the Savings Banks Association of Maine said Tuesday was the highest figure ever reached in the history of Maine savings banks.

The figure, Nelson said, was an increase over the previous year of more than \$3,300,000, or a net gain of .026 per cent. The deposit figures record was contained in the state banking departments combined statement and report on the 32 banks, Nelson said.

The total reserve and undivided profits account showed a total of \$14,941,497 or an increase of \$1,185,490. This, Nelson said, reflected the bulwark of the 32 savings banks against loss to depositors.

Nelson said the banks showed an increase in holdings of United States bonds of \$11,000,000, with a total present holding of \$40,583,347. Other investments included securities, and real estate first mortgages.

SHOWED GOOD GAIN

Showing a gain of 6550 cash cars and \$4258.75 in cash for July, 1937, over July, 1936, the Carlton Bridge had an intake of \$36,683.55 for the same time last year. The number of cash cars using the bridge was 53,913 this year in comparison with 47,563 last year and no let-up seemed in sight as the traffic Aug 1 was the heaviest for that date in the history of the bridge. This material increase seems to be prevalent all over the state, for the Waldo-Hancock Bridge at Bucksport reported a 10 per cent increase in business.

IN A DRAMATIC FINISH

3, off Walker 1. Struck out by Col-bath 1, by Simmons 1, by Walker 3. Sacrifice hit, Libby. Double play, Wiley (unassisted), Umpires, Wotton, behind the bat; Fowler, at first base; Black, at third base. Scorer, Winslow.

Rockland 7, Waldoboro 3

It was 3-all up to the sixth inning at Community Park Tuesday night and then Manager Boggs' team took time out to make numerous errors, while the Rockland Pirates were sending four runs across the plate. Neither side scored after that.

Perry, batting near the foot of the column, showed the boys a thing or two by making four hits in as many trips to the plate. Stegmann and Bond each made three hits. The score:

THE SAUNTERER

A. B. Crocker

A short time ago I read in the Boston Herald that Sch. Annie & Reuben of Stonington was overdue and they were getting anxious about her. The name of the schooner seemed strangely familiar, so I got out an old note book and found the entry: "Castle Island, Boston Harbor—May 9, 1930—Sch. Annie & Reuben, Stonington, two master, light, motor boat at stern pushing her along."

I noticed this schooner beating down the harbor on the port tack, and she was headed almost into the wind. I wondered how she was able to do it. When she came opposite me she came about on the starboard tack and then I could see her yawl boat with engine running. That was the reason.

In the Boston Globe of July 11 appeared a story under this heading, "Skippers Who Know Boston." Capt. John E. Duke, real sailorman from the coast of Maine is one. Even before his ancient stone carrying two-stick Annie & Reuben came alongside at East Boston, it was clear that a real sailorman was aboard her. No fair weather sailor could have put that beam-heavy old hooker in at Grand Junction, dropping all sail off Narrow Gage ferry, slip at just the right moment in the fresh westerly, letting go the mud-hook to hold her and putting her alongside with the yawl boat. Even the towboat skipper, whose \$10 docking charge Capt. Duke had just spurned, had to admit that it was a clever job of seamanship.

Sch. Annie & Reuben was launched at Bath, 45 years ago. She is 87 feet overall and 129 gross tons. She has been two weeks on this trip. For 39 years Capt. Duke has been sailing in schooners—years of reaching out of the Gulf of Maine in favoring winds that brought him to Boston overnight, or painfully battling head winds that kept him on the way for weeks. He has never lost a ship or a man, or even had one hurt. The schooner carries a mate and two seamen. (The cook is not mentioned. Probably they stop at lunch rooms along the way for their grub.)

Capt. Duke, son of seafarers, has been skipper of enough schooners running along the Atlantic Coast to know what he is talking about when he says the wind on the New England coast is not what it used to be.

THE STATE PRISON

Some Interesting News Items Culled From "Vox"—Personal Changes

The population of the Maine State Prison is 313. Forty-three of the inmates are lifers, 20 are employed at the State Farm and nine are receiving treatment at the hospital.

From the current issue of Vox these briefs are obtained:

Guard MacFarland and crew are removing the plaster ceiling in the kitchen and replacing it with steel panels. A much needed improvement. Incidentally these steel panels are cut and framed in the plate shop.

The pipe-railings along the walks for the purpose of protecting the lawns in the upper yard have been painted a grass green, a very harmonizing color.

Charles, the Pep, of the Pep and Vim team, has taken over the duties of stockkeeper.

Ken William, wood-shop foreman, has a crew constructing a cabin for a 30-foot boat. It is understood that this boat is to be used for tuna fishing off the Maine coast.

"Nap" Coulombe has been assigned to the Deputy's office force as file clerk.

Farm Guard Arthur Kallach has taken over the duties of former night guard Bell at the Hospital. Mr. Bell has been assigned to Mr. Kallach's former position at the farm.

Deputy Warden James A. Logan of R. I. State Prison and Mrs. Logan enroute to Canada called upon Mr. and Mrs. Ted Rowell recently, also paid a brief visit to the prison. Mr. Rowell prior to assuming the duties of Guard Room Captain at M.S.P. was on the personnel with Mr. Logan at R. I. State Prison.

URGES "YES" VOTES

Gov. Barrows Explains Ins and Outs of Sales Tax Proposition

Addressing the Bangor Rotary Club Tuesday on the sales tax referendum on Aug. 16, Gov. Lewis O. Barrows declared that did not regard the question as one of politics, but rather one of good government and worthy of the careful consideration by groups dedicated to service, as he referred to his bringing the matter before the club.

"I refer, of course, to the vote of the citizens of Maine, which will determine on that date whether greater educational opportunities will be afforded the boys and girls of this State; also whether or not old age assistance will be continued," the Governor declared in opening his address.

He called to mind the fact that there are "conservatively, over 150 communities in Maine that at the present time are not capable of maintaining even minimum educational opportunities, and that last year the State was called upon to assist some 39 municipalities to the extent of six dollars per week per teacher." He added that this represented approximately all the salary that had been received in cash for a considerable period of time.

"The record further shows that Maine is listed in 24th position among the States in ability to meet educational requirements, although actually it stands 35th among the States in its support and educational requirements."

"This, to my mind, constitutes a challenge to any thinking person because we all admit that the surest guarantee for an enlightened citizenship of the future is the best possible education opportunity we are able to provide for the youth of today."

The Governor pointed out that the last Legislature, realizing the gravity of the situation, enacted legislation providing the amount of half a million dollars for each of the fiscal years, 1937 and 1938, for this purpose.

Turning to a consideration of the old age assistance in Maine, the Governor reviewed action taken in the State, stating that early in 1936 the then Governor and Council passed an order declaring that an emergency fund be established for the purpose of old age assistance from the only fund at their disposal, the so-called Contingent Fund. He explained that this fund is limited by statute to \$300,000 for the entire fiscal year.

The first allotment of Federal funds for this object, amounting to \$83,593, was received for old age assistance, was received from Washington in April, 1936, and that payments were begun to a total of 490 persons in the State in May of that year. This number, he added, has been gradually increased to a maximum of exactly 4,002 persons, a point reached last October. This number has not been increased since that date, and the average pension paid is \$20.09 monthly.

"The Governor noted that it was thus mathematically possible to determine that pensions could only be paid for a limited period of time, and in order to continue payments to the end of that administration, it is interesting to note that all payments were admitted for the month of October, although the administrative expenses continued."

"It should be understood that of the amount of \$20.09, one half of this amount was paid from Federal funds and one half from State funds, and in addition the Federal Government paid 5 percent of the cost of administration."

Gov. Barrows stated that from May, 1936, to July, 1937, a total of \$26,685 had been disbursed for old age assistance—one-half of which has been State funds and one-half Federal funds, while a total of \$108,908 has been expended in costs of administration, the State bearing all

but 5 percent of this, the portion borne by the Federal funds.

After pointing out that he was elected governor upon a platform which declared for old age pension assistance, the platforms of both major parties being in accord in this respect, the Governor stated that his first act upon assuming his present office was to call the attention to Legislature of the platform pledges; also to the fact that it was no avail to simply enact a law called for major appropriation of money unless the bill carried at the same time the revenue provisions. The Legislature promptly responded, he added, by the enactment of a ten percent tax on liquor for this purpose, it being, he pointed out, the only action that it could take which would accrue immediate funds. Obviously, this was only temporary relief, he explained as he called attention to the fact that the amount of the tax resulting from this act has been approximately \$40,000 monthly and that this expires Aug. 16th.

Gov. Barrows pointed out that a vote "yes" will definitely mean that you are in favor of a continuation of the old age assistance for an increased number of at least 10,000 to 12,000 people, which means Federal aid of more than \$3,000,000 for the next two years. It will also mean decreased tax rates in many municipalities, he added, because of decreased pauper expense. A vote "no" means that you would deny old age assistance to even the 3,700 who are now receiving it, he said, adding that if the referendum is rejected there will be no law to authorize the payment of old age assistance.

"If you would deny equalization of educational opportunities and if you would deny old age assistance, you will accomplish exactly that by voting 'No.' There is no other interpretation possible by such a vote."

"Thus it is that the citizens of Maine are faced with the momentous problem of determining whether or not the State shall assume these two major activities, both of which require increased expenditures which can only be secured through some form of additional taxation."

OPEN HOMES DAY

The Public Is Invited To Visit Stately Wiscasset Next Wednesday

The stately old mansions of Wiscasset, rich in historical interest will be opened for public inspection on August 11, when the tenth annual Open Homes Day, sponsored by the village improvement Society of the town, will be held. Hundreds of summer visitors from all parts of Maine will journey to this picturesque little town to visit the beautiful old homes with their antiques and treasures.

In the past nine years the Society has realized \$13,000 from these annual events and one half of this sum has been used for the support of the Town Library and nearly \$5,000 has been spent on care of the beautiful trees that line the village streets. Open Homes Day is a community affair with everyone from the selectmen to the village truckman helping out in some way. Summer residents also aid greatly in making the affair a success.

Tea is to be served in the afternoon by hostesses in authentic old-time costumes of the late 1700's and the early part of 1800. It was during these years that the homes and buildings to be open were built.

The old Lincoln County house erected in 1824 is the oldest building in Maine still used as a court. Daniel Webster, Jeremiah Mason, Thomas B. Reed, Benjamin F. Butler, and other noted lawyers have been among those to plead cases before its bar. The Town Hall is the oldest in Maine in point of continuous use.

The First Congregational Church is the third successive house of worship to occupy its site, the first edifice having been built in 1771. The vane and some 40 pounds of metal from the old bell, now incorporated in the new are from the famous foundry of Paul Revere.

Many of the homes were once those of sea captains and contain treasures from foreign lands as well as the finest specimens of New England antiques.
