

Augusta Jan 29th 1836

To the Governor
and Council of
the State of Maine

Having that the Case of Isaac
^{now under Sentence of Death}
Spencer is this Day to be taken under Consideration
from the circumstance of my Residing within
a few miles of said Spencer & the City wherein
he is now confined have often had conversation
with ~~those~~ who are acquainted with him
and from the best Information that I can
obtain have no hesitation in saying that
I believe him an Ignorant young man and
a Real object of mercy and that he did
what he did without any intention of murder
Yours Respectfully
Chas Ramsdell
