**Earliest History**

The last Ice Age left a legacy of glacial movement and change on the Allagash and St. John Rivers. Ice sheets and glaciers deposited thousands of feet thick of sediment and rock in the Allagash region. This movement was responsible for creating the vegetation and topography, as well as a physical landscape that the Allagash Wilderness Waterway would become known for. The water is shallow and widespread, the terrain is rocky, and the climate is harsh. To explore the Allagash Wilderness Waterway, you must have a knowledge of the planning process. The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

1. **What is your paddling day?** When do you want to be out on the water, and when do you want to be out on the water? This is the day of the week when you want to be out on the water. The whole thing – Chamberlain Thoroughfare Bridge to Twin Brook – seven to ten days. You can plan a trip that's 2, 3, or 7 days to suit your needs and your paddling skills. The day of the week is the day of the week when you want to be out on the water. You can plan a trip that's 2, 3, or 7 days to suit your needs and your paddling skills. The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

2. **Where can you find a suitable campsite?** Canoe and equipment rentals, and professional guide.

3. **What is the planning process?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

4. **How can you ensure that your trip is safe?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

5. **What is the best way to plan your trip?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

6. **What is the best way to ensure that you and your family and friends enjoy the remoteness of the trip?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

7. **What is the best way to plan your trip?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

8. **Where can you find a suitable campsite?** Canoe and equipment rentals, and professional guide.

9. **What is the planning process?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

10. **How can you ensure that your trip is safe?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

11. **What is the best way to plan your trip?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.

12. **What is the best way to ensure that you and your family and friends enjoy the remoteness of the trip?** The planning process is the best part of the trip. Answering the following questions will lead to a successful trip.
