To the Honorable Senate of the State of Maine.

The undersigned citizens of this State believe, respectfully, that the occurrence of an election of officers, for the purpose of determining the importance of some immediate action, which shall affect the safety of our citizens, and the rights of property, is a proper object for full action by their fellow citizens, who remain at home, or tending to their annual elections, and would therefore request that this action may be taken by the present legislature, as a means to prevent the recurrence of the power of our rights and freedom, under the influence of the present Constitution, and in due and orderly manner.
