A Few Other Points...

We are happy to guide researchers whatever their quest may be. If we don’t have the material or information that’s needed, we refer to other sources without hesitation.

We are fortunate to have a number of computers with Internet access, and can recommend useful websites.

Check our genealogy link for current database offerings, such as Ancestry.com!

We also have WIFI for your convenience!

“To forget one’s ancestors is to be a brook without a source, a tree without a root.”
