James Levier was a member of Maine’s Deaf Community for 60 years. He was an artist, a father, a grandfather, a gardener, a friend, and most recently, a vocal advocate for students who suffered abuse at The Maine School for the Deaf and Governor Baxter School for the Deaf (GBSD). James had been abused while a student at the Portland school and GBSD prior to 1957.

James wanted to make sure that no child at GBSD would suffer as he did as a student. He was active in Safer Place, a coalition of former Baxter students and professionals working together to provide services, compensation and to heal the wounds of past abuse. James was the first to testify in front of the Judiciary Committee in April 1999 and also testified at the GBSD School Board about the abuse he suffered and how it has affected his entire life. “It damaged my life for good all the experiences I’ve had.”

Before his death, on March 16, 2001, James wrote messages on his house and his van. One message was “I Give my life to free Deaf people.”

As reported in the March 18, 2001 Maine Sunday Telegram, “According to witnesses and police, Levier emerged from a van in the crowded parking lot at Shop ‘n Save Plaza at 3 p.m. Friday and immediately began to march back and forth, pointing a hunting rifle in the air.

After an hour, just as an interpreter was to begin negotiating, Levier leveled the rifle in the direction of the police, who responded by firing five shots into Levier’s chest and stomach”

The Governor issued an apology on behalf of state government to people who experienced abuse while students at the GBSD. Also, Governor King signed the bill to continue counseling services to victims/survivors and the bills for the Compensation Program and funding were included with the budget and signed on June 21, 2001.

The death of James Levier shows the need to develop protocols for emergencies involving people who are Deaf.
GOVERNOR’S MEETING

On May 1, 2001, Senator Sharon Treat, Jan DeVinney, Director of the Division of Deafness, and members of Safer Place met with Governor King. The meeting was very positive with the Governor expressing his support for the three bills related to compensation and continuation of services.

LEGISLATIVE UPDATE

“The Baxter Bills”
L.D. 178 - An Act to Implement the Continuation of Service Recommendations of the Committee to Develop a Compensation Program for Victims of Abuse at the Governor Baxter School for the Deaf
Signed by Governor King, May 2, 2001. Private & Special Law Chapter 12

Compensation Program
The legislature approved both bills: L.D. 271 - An Act to Establish the Baxter Compensation Program and L.D. 293 - An Act to Implement the Funding Recommendations of the Committee to Develop a Compensation Program for Victims of Abuse at the Governor Baxter School for the Deaf by including the funding in the Part II budget. Governor King signed the budget on June 21, 2001. The $5,000,000 for L.D. 293 is divided over two years.

L.D. 1162 - An Act to Ensure Telecommunications Protections for Deaf and Hard-of-Hearing People
Signed by Governor King, June 8, 2001. Public Law Chapter 377

L.D. 1581 - An Act to Allow the Department of Human Services Abuse and Neglect Investigators Access to Certain Baxter School for the Deaf Records
Signed by Governor King, May 25, 2001. Public Law Chapter 265

E-911
L.D. 1467 - An Act to Facilitate the Implementation of the Enhanced 9-1-1 Emergency System
This funding was also included in the Part II budget. Signed by Governor King, June 22, 2001. The implementation of Enhanced 9-1-1 should be completed in mid-September 2001.

WHO IS NEW?

Nancy Melanson, Assistant to the Director of the Division of Deafness

Hello, my name is Nancy Melanson and I'm Jan DeVinney's new assistant at the Division of Deafness. I have worked in state government for 12 years at various agencies in the administrative field. My last job was with the Department of Agriculture in Augusta.

I have successfully completed American Sign Language classes I–V, Deaf History and Deaf Culture at the Governor Baxter School for the Deaf. I also instruct CPR/First Aid classes on a regular basis. I live in Augusta with my 2 children and enjoy outdoor activities.

I'll be: Updating the Resource Guide, TTY and Deaf Awareness trainings for state departments, state agencies TTY compliance calls, editing the Maine Lines for the Deaf newsletter and any other projects that Jan may need assistance on.

I'm looking forward to working with you and can be reached at 624-5963, 624-5964 (TTY) and 624-5980 (FAX). E-mail: Nancy.A.Melanson@state.me.us

Rod MacInnes, Rehabilitation Counselor for the Deaf

I am using my extensive educational and vocational background in my job as a VR counselor in the Portland/Saco area. I graduated from Clarke School for the Deaf in 1959. I majored in zoology and fishery biology when pursuing B.S. and M.S. degrees at the University of Massachusetts in Amherst.

After nine years working as a marine pollution researcher, I changed careers to rehabilitation and obtained a M.A. in Deafness Rehabilitation at New York University in 1987. I became a case manager of a mental health residential facility, and then became a supported employment specialist for three years at Motivational Services. I also tried my hand in teaching science at Governor Baxter School for the Deaf, before working as a Maine Relay Service educator, and Telecommunications Equipment Project director at the Maine Center on Deafness.

I am married to a hearing woman, named Joan.

My interests are reading and developing pictorial books for nonreaders.

My contact information: 286-2615 (TTY) and 286-2608 (FAX). E-mail: rod.macinnes@state.me.us

Kelley MacKenzie, Rehabilitation Counselor for the Deaf

I grew up in Connecticut and did an internship in high school at the New York School for the Deaf. I moved to Maine to attend the University of Maine at Farmington and received my bachelor’s degree in rehabilitation in 1999 from UMF. I created my own deaf studies concentration there.

I went on to complete my master’s degree in rehabilitation for the deaf from the University of Arkansas, Fayetteville. While searching for an internship back in the “North Country,” I encountered Jan DeVinney who referred me to the position of RCD at the Division of Vocational Rehabilitation in Lewiston...the rest is history!

I love my job here and really look forward to working with everyone in the years to come. Outside of work I enjoy going out with friends, art, poetry, pets, singing, and reading.

My contact information: 753-9060 (TTY) 753-9055 (V) and 753-9051 (FAX). E-mail: Kelley.E.MacKenzie@state.me.us

ABILITY first GRANT:

Ability first is a federally funded grant program started in November of 2000, designed to reach people who are interested in learning new skills, and returning to work without losing their benefits (SSI, SSDI, Medicaid).

Ability first is sponsoring computer training in American Sign Language (ASL) to Deaf individuals at the Training Resource Center in Portland and soon in Rockland. These classes are FREE for anyone who uses ASL and lives in one of these six counties: York, Cumberland, Sagadahoc, Lincoln, Knox, or Waldo.

Hard-of-Hearing people who do not use ASL can also take advantage of Ability first classes in English by using FM loop technology, which is a small transmitter/receiver device provided at the class. The classes are for anyone who wants to improve or “learn from the beginning” computer skills.

Classes are taught by, John Dunleavy, a Deaf man skilled in ASL and Deaf culture, computers and technology. John spends two weeks every month in Maine providing instruction in Microsoft Office Suite applications and outreach to the regional Deaf Community.

Students attend half-day sessions in training and have access to the CareerCenter’s computer labs for practice, with John available to help answer questions.

For more information, or to register for classes, the TTY number is (207) 775-2777, 1-877-594-5627 (Toll-Free) or (207) 771-5627 (V) and the E-mail address is: classes@trcme.com

JOB OPPORTUNITY!

John Dunleavy, the Ability first computer teacher who is Deaf, is looking for another teacher to work with him. Applicants must know American Sign Language and have excellent computer skills. For information about the job, contact John at (207) 775-2777 (TTY) or E-mail: classes@trcme.com
