Health poor is able to work some -
agreeable to your order of the 11th I also this day
arrested one Frank Salisbury of E. Trenton, and
have him in chg awaiting your Ans by Tel. I cannot

think that Mr Salisbury is a deserter or has
 any intent to evade duty he came home
 sick and is now quite lame of Rheumatism
 is willing to do anything Government requires
 of him, so far as he is able - he has handled
 some British sympathizers in Trenton rather roughly
 since he returned, and from thence I presume
 sprang the report you have of him. I think
 it might be well enough for him to report in
 person at Augusta which he is willing to do -

Yrs Truly
