Josiah Hammetton shot deserted at
August has not been in town since
last spring supposed to be gone to
the Province of N. B.

There are quite a number of men that
are gone to sea some no doubt that
have deserted which I was not able to
see these men while I was on the coast
looking after them ^{while} the drafting was going
on was run to keep away but after
a while will return & then they can be
looked up or after winter or cold
weather comes on can be returned

Yours Truly
