## (Migratory Game Bird Regulations, Continued)

### 2. TRANSPORTATION

Any person, without a permit, may transport lawfully killed and possessed migratory game birds into, within, or out of any State, or export such birds to a foreign country during and after the open seasons in the State where taken, subject to the conditions and restrictions specified in this part.

If such birds are dressed, one fully feathered wing must remain attached to each bird so as to permit species identification while being transported between the place where taken and the personal abode of the possessor or between the place where taken and a commercial preservation facility.

Any package or container in which such birds are transported shall have the name and address of the shipper and of the consignee and an accurate statement of the numbers and kinds of birds contained therein clearly and conspicuously marked on the outside thereof.

### 3. POSSESSION FOR THE PURPOSE OF PROCESSING, TRANSPORTATION, OR STORAGE

No hunter who legally takes and possesses any migratory game birds shall place or leave any such birds in the custody of any other person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage) unless such birds have a tag attached signed by the hunter stating his address, the total number and kinds of birds, and the date such birds were killed.

No person may receive or have in custody any migratory game birds belonging to another person unless such birds are tagged as provided above.

No hunter who legally takes and possesses any migratory game birds shall place or leave such birds at any place for storage (including temporary storage) other than at his personal abode unless such birds are tagged as provided above. Legally possessed migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be deemed to be in storage or temporary storage.

Any commercial picking establishment or cold-storage or locker plant receiving, possessing, or having in custody any migratory game birds shall maintain accurate records showing the numbers and kinds of such birds, the dates received and disposed of, and the names and addresses of the persons from whom such birds were received and to whom such birds were delivered. The records required to be maintained shall be retained by the person or persons responsible for their preparation and maintenance for a period of 1 year following the close of the open season on migratory game birds prescribed for the State in which such picking establishment or cold-storage or locker plant is located.

### 4. TERMINATION OF POSSESSION

For the purposes of this part, the possession of birds legally taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to another person as a gift; or have been delivered by him to a post office, a common carrier, or a commercial cold-storage or locker plant for transportation by the postal service or a common carrier to some person other than the hunter.

### 5. WOUNDED LIVE MIGRATORY GAME BIRDS

Every migratory game bird wounded by hunting and reduced to possession by the hunter shall be immediately killed and become a part of the daily bag limit.

### 6. POSSESSION OF PLUMAGE

Any person, without a permit, may possess and transport for his own use the plumage and skins of lawfully taken migratory game birds.

### 7. WANTON WASTE OF MIGRATORY GAME BIRDS

No person shall kill or cripple any migratory game bird pursuant to this regulation without any visible means to retrieve and without making a reasonable effort to retrieve the bird and include it in his daily bag limit. The shooting of crippled waterfowl from a motorboat under power will be permitted on those coastal waters and all waters of rivers and streams lying seaward from the first upstream bridge.

### 8. OPEN SEASONS, LIMITS, AND OTHER PROVISIONS

Migratory game birds may be taken only in accordance with the open seasons, the daily bag limits, possession limits, and within the shooting hours as stated herein.

No person may take in any one day more than the daily bag limit or aggregate daily bag limit, whichever applies. No person may possess more birds lawfully taken than the possession limit or the aggregate possession limit, whichever applies. No person on the opening day of the season may possess any migratory game birds in excess of the daily bag limit or aggregate daily bag limit, whichever applies, and no person may possess any freshly killed migratory game birds during the closed season.

## SUMMARY OF FEDERAL REGULATIONS

In addition to State regulations, the following Federal rules apply to the taking, possession, shipping, transporting, and storing of migratory game birds. NOTICE - The material below is only a summary. Each hunter should also consult the actual Federal regulations, which may be found in Title 50, code of Federal Regulations, Part 20.

**RESTRICTION.** No person shall take migratory game birds:

- With a trap, snare, net, crossbow, rifle, pistol, swivel gun, shotgun larger than 10-gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive, or stupefying substance.
- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which is incapable of removal without disassembling the gun.
- From a sink box (a low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water).
- From or with the aid or use of a car or other motor-driven land conveyance, or any aircraft, except that paraplegics and single or double amputees of the legs may take from any stationary motor vehicle or stationary motor-driven land conveyance. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body with involvement of both legs, usually due to disease or of injury to the spinal cord.
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting, and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.
- Using records or tapes of migratory bird calls or sounds, or electrically amplified imitations of bird calls.
- By driving, rallying or chasing birds with any motorized conveyance or any sail boat to put them in the range of the hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt, or other feed to constitute a lure or enticement), or on or over any baited area. Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation.

**CLOSED SEASON.** No person shall take migratory game birds during the closed season.

**DAILY BAG LIMIT.** No person shall take in any one day more than one daily bag limit.

**FIELD POSSESSION LIMIT.** No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

**IMPORTATION.** For information regarding the importation of migratory birds killed in another country hunters should consult 50 CFR 20.61 through 20.66. One fully-feathered wing must remain attached to all migratory game birds being transported between the port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required in 20.63), drawn, and the head and feet are removed. No person shall import migratory game birds belonging to another person.

**DUAL VIOLATION.** Violation of State migratory bird regulations is also a violation of Federal regulations.

**REFERENCE.** Federal regulations related to migratory game birds are located in Title 50, **Code of Federal Regulations**, Part 20.

**CAUTION:** More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on Federal regulations, contact Special Agent-in-Charge, U.S. Fish and Wildlife Service, P.O. Box 7342, Downtown Station, Portland, ME 04112. Telephone (207) 780-3235.

**BONUS SEASONS:** During the first nine days of the regular duck season in both zones, two blue-winged teal or two green-winged teal or one of each (possession: four, singly or in the aggregate) may be taken daily in addition to the regular daily limit on ducks. Also in addition to the daily bag limit on ducks, two scaup (possession: four) may be taken daily during the regular duck season in coastal waters and the waters of rivers and streams seaward from the first upstream bridge — except on the Androscoggin River, where the boundary is the Topsham-Brunswick bridge. The scaup bonus also applies to all tidal waters bounded by state highways 182 and 200 north of U.S. Highway 1 in Hancock County.

**SHOOTING HOURS:** Shooting hours on migratory game birds are from ½ hour before sunrise to sunset.

**NORTH AND SOUTH ZONES DEFINED:** The NORTH ZONE for waterfowl hunting is Wildlife Management Units 1, 2, 3, 4 and 5, being that area of the State of Maine lying northerly of a line formed by and including the townships of Parsonsfield, Cornish, Hiram, Denmark, Bridgton, Harrison, Otisfield, Oxford, Hebron, Buckfield, Hartford, Canton, Jay, Chesterville, New Sharon, Mercer, Smithfield, Fairfield, Clinton, Burnham, Troy, Dixmont, Newburgh, Hampden, Orrington, Holden, Clifton, Amherst, Aurora, T28MD, Devereaux, T30MD, T31MD, T26ED, Crawford, Alexander, and Baileyville.

The SOUTH ZONE is Wildlife Management Units 6, 7 and 8, being that area lying southerly of the line described above.

### DUCK STAMP

Federal law provides that no person who has attained the age of 16 years shall take any migratory waterfowl (wild ducks, geese, or brant) unless he has on his person an unexpired federal migratory bird hunting stamp ("duck stamp") validated by his signature written across the face of the stamp in ink.

### SELECTED SECTIONS OF MAINE INLAND FISHERIES AND WILDLIFE LAWS

The provisions of the following three paragraphs apply to the waters of the Kennebec River, known as Merrymeeting Bay, bounded as follows: From the high tension wires at Chop's Point to the first dam on the Androscoggin River, to the first road bridge on the Muddy, Cathance, Abbagadasset, and Eastern rivers and the Richmond-Dresden bridge on the Kennebec River, being in the counties of Cumberland, Sagadahoc, and Lincoln.

No artificial cover which is termed stationary blind, or parts thereof, used for hunting purposes shall be left or allowed to remain in the waters of Merrymeeting Bay between one hour after legal shooting time and one hour before legal shooting time.

No duck decoys shall be allowed to remain in the waters of Merrymeeting Bay at any time during the period from one hour after legal shooting time until one hour before legal shooting time.

No power boat may be operated in Merrymeeting Bay at a speed in excess of 10 miles per hour except within the confines of the buoyed channels.

It is unlawful to shoot, or shoot at, or near, any wildfowl decoy of another person, with a rifle, pistol, or shotgun with a ball, slug, or buckshot. "Near" means the area encompassed by the set of decoys and including the area 50 yards away from the outer perimeter of the set of decoys.

It is unlawful to hunt with firearms during the open season on deer (except when hunting waterfowl from a boat or blind or in conjunction with waterfowl decoys) unless wearing an article of hunter orange clothing which is good and serviceable condition and which is visible from all sides.

### MIGRATORY GAME BIRD REGULATIONS

In accordance with the Revised Statutes of 1964, Title 12, Sections 7001 and 7456, the following regulations have been adopted, governing the lawful hunting and possession of migratory game birds. For the purpose of this section, migratory game birds include and are limited to species in the following families: 1. Anatidae (wild ducks, geese, and brant); 2. Rallidae (rails, coots, and gallinules); and 3. Scolopacidae (woodcock and snipe). Except as expressly provided in these regulations, it shall be unlawful to hunt, capture, kill, take, possess, transport, buy or sell any migratory game bird or part thereof.

#### 1. HUNTING METHODS

It shall be lawful to hunt migratory game birds by the aid of dogs, artificial decoys, manually or mouth-operated bird calls, with longbow and arrow, or by the practice of falconry, or with shotgun (not larger than No. 10 gauge and incapable of holding more than three shells) fired from the shoulder. Every other method is unlawful.

It shall be lawful to hunt migratory game birds from floating craft (except a sinkbox), including those capable of being propelled by motor, sail and wind, or both, only when (1) the motor of such craft has been completely shut off and/or the sails furled, as the case may be, and (2) the progress or motion of the craft in the water has ceased and the craft is drifting, beached, moored, resting at anchor, or is being propelled solely by paddle, oars, or pole.

It shall be lawful to use a motor or sail on a craft as a means of retrieving or picking up dead or injured birds.

All migratory game birds, including waterfowl, may be taken on or over standing crops (including aquatics), flooded standing crops, flooded harvested crop lands, grain crops properly shocked on the field where grown, or grains found scattered solely as a result of normal agricultural planting or harvesting and in addition, all migratory game birds, except waterfowl, may be taken on or over lands where shelled, shucked, or unshucked corn, wheat or other grain, salt or other feed has been distributed or scattered solely as a result of valid agricultural operations or procedures.
