capable, diligent, judicious business man. He served as deputy sheriff for fifteen years and having meantime gained the confidence of the voters of this county, he was elected to the higher position of sheriff. Two years ago, having demonstrated his ability to fill the office of sheriff to the public welfare, he was re-nominated by the Republicans at the June primaries without opposition and again elected in the September following. At the primaries this year he was again nominated by the Republicans, there being no other candidate in that party.

Mr. Small has the confidence of the voters of all parties and will be triumphantly re-elected on the 14th of September. All know if they vote for him they will be sure of a good official.

## THERE WILL BE A FAIR IN PHILLIPS

A "Bee" to Be Held Friday, September 11, and You Will Want to Be There.

It has been stated a number of times in my hearing that there would be no fair at Phillips this year; that there was nothing being done, and everything was going to go. I want to say right here that there is going to be a fair at Phillips this year and I hope it will be better than the one last year. But just remember this, the Trustees cannot do it alone. You have got to help, each and every one.

Did you ever stop to think what constitutes a good fair? Is it the crowd? Is it the cattle? Is it the swine or poultry or what is in the building? Or is it the horse trot?

Isn't it an aggregation of all these that makes a good fair? If you have a colt or cow, or pair of steers, or some pigs, or poultry, or if you have some farm produce that you are proud of, bring it to the fair. Just because it will be a little bother to get your stuff ready to carry don't say that you cannot spare the time to do it, but brace up and bring whatever you have and help make a bigger and better fair. Who knows perhaps your exhibit may be the best and may win the first prize, anyway bring it and see.

The trustees have been fixing the track and by the end of the week it will be in good shape to work out on.

The trustees have decided to make the following repairs: Place a new roof on the grand stand; place a new wire fence along the track in front of the grand and judges' stands; build a new ticket office; repair the stock fences; paint the buildings and cut the bushes. All this will require a lot of men and money. But it must be done to make a suitable place to hold the fair. There have so many people spoken to the trustees about having a good old fashioned bee and picnic dinner and fix up the fair grounds that they have decided to hold a "BEE" on Friday, Sept. 11, and make a new place of the park. If it rains on that day, it will be held on the Monday following. All who can are invited to come and help with the work. Each man is

## GOOD SELECTION FOR CO. ATTORNEY

J. Blaine Morrison, Esq., of Phillips, Republican Nominee.

At the June primaries in 1912, J. Blaine Morrison, esq., of Phillips was nominated for the responsible office of county attorney. He was elected by a good vote at the September

J. BLAINE MORRISON.

election of that year and is now on the last half of the last year of his first term.

At the June primaries this year, having shown his ability to perform the duties of the position with credit to himself and to the satisfaction of the people, he received the endorsement of his party in this county by the unanimous vote of the Republicans, renominating him for the same office.

Mr. Morrison has resided in Phillips the most of his life and is highly esteemed in his home town, having been repeatedly honored with election to various municipal offices. He is also prominent in Masonic circles and a man who is recognized everywhere as a person of integrity and ability. He has a strong support, the strongest where best known. We look for his re-election. If again chosen county attorney, he will continue to do good work.

# A GOOD WEEK'S PROGRAM ENJOYED

Caught Largest Salmon Ever Recorded Here, and Has Land- ed 500 Black Bass at Belgrade.

(Special Correspondence)

The Barker, Mooselookmeguntic Lake, August 29.—This is one of the cold rainy days that remind one autumn is soon to be with us, changing the bright green of forest and roadside to brown and gold. The birds are meeting together, calling to all their friends that it is time to make the journey to the land of the sunny south.

The past week over 50 of the guests of this hotel have returned to their city homes, but as many still remain and there are often 30 boats anchored out on the clay banks and if a fish chances to swim that way he is sure to find a big bunch of worms waiting for a tempting lunch.

Jacob Goodfriend of New York, with Gard Hinkley guide, keeps up his reputation as a fisherman and records a 4½ pound salmon this week. Col. S. D. Lit of Philadelphia always knows where the fish hide, but only a 3½ pound salmon has he recorded the past week. E. A. Guinzburg of New York with Chas. Record guide, a 4½ pound salmon. A Cohen of New York one 3½ pounds and Wm. Louchhien of Philadelphia a 3 pound salmon.

We doubt if any party at the Rangeleys is having a better time than Col. S. D. Lit of Philadelphia, who since he came a month ago, has continually added to the happiness of the friends he has entertained. The Col. has two guides, Walter Wight and Webb Boulter and has chartered the motor boat "Miss Clark." "Where to-day, Boys?" is the Colonel's greeting every morning to his guides who always plan a day of sport and pleasure. More than anything else, the Colonel enjoys the spin in the big touring car, over the pretty drives to the ponds, where he casts the fly or trolls. This is the program of the week just closing. Monday with the guides they went to Loon Lake, all voting a good time on that little sheet of water in the wilderness. Tuesday they went over to Saddleback Camps where a

nice lunch, such as Blackwell knows how to serve was greatly enjoyed, and they did not mind the gale of wind which prevented them from fly fishing, as they looked at the view of old Saddleback Mountain rising from the shore of the pond to the tall fire station on the summit, and coming home the magnificent view of Gull and Haley Ponds and the beautiful New England village of Rangeley on the lake shore, and as the Colonel exclaimed, "Look at our own Mooselookmeguntic Lake, showing through the gap in the mountains, there is where our cabin stands!" Wednesday was an "at home day" and they all went fishing, bringing in seven fish, two over 3 pounds. Thursday was the red letter day of this week for the Colonel and Mrs. Lit gave a lunch party on Prospect Point, with the following guests: Miss Louenstein, Mrs. Louchhien, Mrs. Lit's sister of Philadelphia and Julian Hillman and sister, Miss Emily Hillman of Washington, D. C. The feast included broiled live lobsters from Portland, which the Washington gentleman cooked to a turn, while the guides got busy cooking the chicken and corn that came from the Colonel's farm near Philadelphia and the fish they caught on the way down to the Point. Friday in the morning they took the auto and went to Rangeley for a game of golf and fished in the afternoon, and this morning they are watching for the clouds to roll by before the guides answer the question, "Where to-day boys." Many more side trips are planned to Flagstaff, Gull and Tim Ponds, and again to Quimby Pond, where Mrs. Louchhien no doubt will catch the most trout, for by her skill fishing there, she has won the title, "Queen Quimby," and crowded will be the days until the party leave for home on September 10.

S. Simonson of New York arrived Friday after a two weeks' stay at Belgrade Lake, where he caught 200 black bass, the largest 3½ pounds. Mr. Simonson several years ago caught the largest salmon ever recorded at this hotel, which lacked only an ounce of 10 pounds, and he has come back to catch the mate to it.

Mr. and Mrs. Fredrick J. Driscoll and baby May, of Boston, who have had a happy month in one of the cabins and were last week joined by Mrs. Driscoll's sister, Miss Lillian Bateman left for home this morning.

Everett Jacobs and S. B. Bloomthal motored from New York and spent the week with friends in camp.

F. P. Bellamy of New York, who first came to the Rangeleys 45 years ago and has not been here for 15 years, with his wife in their touring car surprised their old friend, Capt. Barker by arriving here this week and spending several days.

Dr. A. Stein and Dr. Louis Chagin of New York are here for a few days' outing.

Mrs. E. A. Blackwell and son Otto B. Blackwell of New York are among this week's comers, who plan to remain until the middle of September.

Poet Lodge Cabin will be taken for the next two weeks by Mr. and Mrs. David Metzger and brother, Arthur Metzger of New York.

These are the days when good byes are daily said after a happy summer in camp, and plans made to return in 1915.

## REEL IN "OLD FASHIONED" TROUT

Parcel Post Appreciated---Enjoy Rainy Days as Well as Sunny Ones.

(Special Correspondence.)

Bald Mountain Camps, Mooselookmeguntic Lake, August 29.—The last days of summer have come and every camp is taken and will be until after Labor Day, and many are planning to remain until the first of October if the warm days that are due this region come.

Mr. and Mrs. J. H. Arthur and daughter, Miss Margaret S. Arthur of Providence, R. I., who came two weeks ago and have Camp Manhattan were this week joined by their friends Mr. and Mrs. Warren H. Titus of the same city who came in their touring car. They are having good fishing and catching each day "the limit" and all have been trout, and handsome ones too.

Mr. and Mrs. C. T. Richardson of Somerville, Mass., who have been coming to these camps for years, arrived Thursday and will spend the coming month in Camp Earl where they have been at home for so many seasons.

Camp Portland is taken again by Mr. and Mrs. E. J. Volkien and son of Brooklyn, N. Y.

The three Portland young ladies, Miss Margaret and Miss K. M. Coyne and friend, who had a happy two weeks' outing at these camps returned home yesterday.

Mr. and Mrs. A. H. Eldridge of Boston call the fishing good when "we catch all the two pounders we want to eat."

This is one of those rainy days in camp which everyone seems to enjoy as they pile the dry wood on the cherry open fire, and take the latest book they bought before leaving the city from the trunk, where it has been almost forgotten. Some of the ladies remember they have fancy work, that Christmas is not many months away and the days in camp have been too crowded with out door pleasures to think of sewing, and thus they are content and happy as they listen to the music of the rain

drops on the cabin roofs.

J. L. Hamer of New York came in yesterday with a pair of good ones, trout weighing 2½ pounds and 2 pounds each.

Mrs. J. Foster Clark of North Attleboro, Mass., can tell a good fish story about the big "old fashioned trout" that she reeled up to the boat, and Mr. Clark, who with Amos Ellis in 1884 caught a 10 pound trout and has not yet forgotten how the old settler looked, is very sure this was as big and and said "perhaps a little bigger." This is a "fresh proof" that all the big trout have not been caught in Mooselookmeguntic Lake.

Rev. and Mrs. P. E. Wilmont of Wayne, Penn., who came the first of the month for their vacation have become such enthusiastic anglers, that dressed in oil skins they are out on the lake with the rain coming down in torrents, and intend to land a fish for their Sunday dinner.

Mr. and Mrs. James W. Hubbell, Whitney Jastram have this week joined their friends from home, Providence, R. I., to remain until after Labor Day.

Mr. and Mrs. Jame W. Hubbell, children and maid of St. Davids, Penn., who came in July and have Camp Malona are very enthusiastic over life in camp.

The Parcel Post brings all kind of things to the campers, fruit from their own trees, the latest books, walking boots, sweaters, winter coats and new suits, and everyone is eager for the mail to come, as it does at noon and night.

### HIGHWAY COMMISSION VISITS AROOSTOOK COUNTY.

The State Highway Commission, Lyman H. Nelson, Philip J. Deering and William M. Ayer, together with Chief Engineer Paul D. Sargent were in Houlton Saturday on an inspection of Trunk line roads in the county, leaving for the northern part of the county Sunday and returning Monday of the next week.

They went over the route of the Trunk line north of Houlton and were very enthusiastic over the good condition of the roads in the county, the beautiful scenery and the growing crops.

While in Houlton they met the selectmen of the town and also those of New Limerick in regard to the bridges which must be built on the Trunk line, the law requiring that all bridges on the Trunk line over 12 feet long must be built by the towns through which they pass. In this case the town of New Limerick is getting more Trunk line road than any other town in the state with the exception of those in Cumberland county which will have all of its portion of the bond issue expended this year, and while the expense may seem quite large for one year yet it is something that must be done and when completed will give New Limerick over six miles of road directly through the town, which is worth something.

The work east of Ludlow station was all gone over and much satisfaction was expressed at the manner in which the work has progressed.

In moving the steam roller from Ludlow station to the work east of there, on Saturday, the bridge near the old Titcomb mill was not strong enough to hold it and it went down through. After working till 8 o'clock it was taken out and moved toward Houlton.

## EVERYONE OUGHT TO BE A MEMBER

Maine Offers Great Opportunities for Young Men.

The latest registration of automobiles at the Department of State indicates that about 15,000 machines are owned in Maine. The officials have registered about 14,000 this summer and expect to register 1000 more, bringing the total up to 15,000. That means one machine for every 49 persons and an outlay of about \$18,000,000 in first cost.

Out in Wisconsin the bankers are beginning to wonder what the effect on the money market will be if the automobile craze develops further. That state has a population of 2,333,860 and the folks own about 50,000 automobiles, or one for every 46 inhabitants. That isn't a much larger number, in proportion to the population, than is found in Maine, yet the bankers out there are already discussing the drain on the financial resources of the state. The bankers estimate that about one quarter of the purchase price is paid in cash by the purchaser and that the other three-quarters is furnished by some bank.

If the same conditions hold good in Maine, and there seems to be no reason to doubt that such is the case, Maine automobile owners are in debt to the tune of \$13,500,000 for automobiles. If that same sum could be assembled to investigate and then advertise and develop the natural resources of the State of Maine, the population at the next census in 1920 would be 1,724,000 instead of 742,000.

Men who have but scratched the surface of Maine's natural resources in a lifetime of investigation, declare that Maine's natural wealth is still intact, that men has as yet taken practically nothing from the total. They predict that the first discovery or exploitation of her mineral wealth will turn a tide of immigration into Maine that will put to shame the wonderful growth of the Pacific states and Northwest Canada.

The Develop Maine Movement is a banding together of the men and women who believe in Maine and who believe that Maine's resources offer the opportunity of the century for young men. The fund this organization is raising will be used first to find out what there is in Maine and second to tell the rest of the world about it in such a convincing way that capital that is now going into the arid West will be diverted to the fertile East.

Everyone ought to be a member of this Movement. It costs but a dollar to become a member. If you wish to join and do not know the local solicitor send the fee, together with your name, address and business to W. E. Lawry, Treas., Box 374, Augusta, Me.

### FOREST FIRE NEAR CHESUNCOOK LAKE.

Augusta, Aug. 26.

Forest Com'r Viles has been notified of a fire which occurred at Pine Stream, near Chesuncook lake, Piscataquis county, and burned a set of lumber camps. Fire wardens prevented the fire from spreading to the woods. Chief Warden Ralph L. Bird of the Chesuncook territory reports that the fire was of incendiary origin and that he has arrested the party and will bring them for trial.

Mr. Viles states that the recent rains have extended all over the state so that there is no immediate danger from forest fires.

## DAY ENDS WITH LOBSTER PARTY

### Guests Enjoy a Week at Beaver Pond--Entertains Friends at Bridge.

(Special Correspondence.)

Mountain View House, Rangeley Lake, August 30.—This has been a gay week here at the hotel, which has been crowded, until this morning when several parties left for home.

Wednesday evening there was a "Dutch party" at the Little Brown House on the Trail when the big team took 14 of the young people over the Carry and they danced and ate waffles and drank coffee until the midnight hour.

Thursday morning the house boat took a party of 15 guests down to Boy Island where they cooked their dinner and had the "best picnic ever" and in the evening Mrs. Lewis and Mrs. Fronefield gave a lobster party at "Don't Worry Camp" in honor of the birthday of two popular guests, I. Newton Lewis of Greenwich, Conn., and Mrs. N. R. Schoolmaker of Nyack, N. Y. Twenty lobsters were served in real sea style even up here at the Rangeleys and may these delightful people for years to come meet here at Mountain View and receive congratulations as they pass life's milestone.

Friday evening there was a bridge party of seven tables in the music room given by Miss Adeline Hart and all had a good game.

Miss Betty Fronefield of Moylan, Penn., often delights her friends with a song and received many compliments for the pleasing manner in which she sang a solo from Pergolesi's Stabat Mater last Sunday morning at the Church of Our Lady of the Lakes.

Mr. and Mrs. Arthur Sylvester and son Arthur, Jr., and little daughter, Miss Doris of Montclair, N. J., returned Friday after a week at Beaver Pond, where they were guests of one of the members of the Megantic Club, J. B. Horsford, a New Yorker, who has a private camp there. The children saw their first deer feeding on the lake shore and all had good fly fishing on the Meadow grounds, where they catch hundreds of pound trout. Going by buckboard from Kennebago as they crossed a corduroy bridge, the logs gave way and they had a "spill" but no harm was done and the party enjoyed their first experience of wild woods life.

There has been good fishing this week, although the two pounders were cooked but not recorded.

A. Herman Wirz of Moylan, Penn., and wife have some good fish stories

to reel off. Mr. Wirz came in one day with a 3½ pound salmon and the next day with a 4 pounder.

On Saturday afternoon Miss Emily Hawkins entertained at bridge in the small parlor two tables, Mrs. A. S. Hinds, Miss Ethel Hinds, Mrs. James Segler, Miss Avis Kingston, Miss Katherine Walton, Miss Lila LaMar and Mrs. A. Herman Wirz. Refreshments were served and the handsome prizes won by Mrs. Segler and Miss Hinds.

Mr. and Mrs. Charles F. Cotter and seven children and two maids of Lynn, Mass., who have for several weeks greatly enjoyed life in the big camp and their friends, Mr. and Mrs. F. X. Johnson and two children and Mrs. Johnson's mother and maid of Boston, who occupied the second cottage regrettably started homeward Saturday; also Mr. and Mrs. F. S. Driscoll, baby and maid. Everyone misses these children, who were as happy as the birds and contented all day long as like sunshine they played about the place. Mr. and Mrs. Cotter and family gave to the new Catholic church in Rangeley a very handsome altar; Mr. and Mrs. Johnson presented the artistic stations of the Cross of new German model; Mr. and Mrs. Driscoll gave a beautiful statue of the Blessed Mother and Mrs. P. A. Hart of Tompkinsville, N. Y., also presented a statue of St. Anthony, which add much to the beauty of this little church that is crowded every Sunday morning. The kind generosity of these people is most deeply appreciated and when they return to the Rangeleys another season they will be most heartily welcomed.

Mr. and Mrs. H. F. Mason and Mr. and Mrs. W. N. Curtis of Boston, who have been touring in their motor left here this morning.

Mrs. Thomas Stewart Rowlett of Boston has returned for another season and will later be joined by Mr. Rowlett.

Mr. and Mrs. C. O. Morrell and L. H. Morrell of Lewiston are here for a few days.

Little Miss Louise Fronefield, who fishes off the wharf by the hour not only catches fish for her cat, but caught a half-pound trout the other morning which she cleaned herself and had cooked for a little friend who was sick.

Saturday evening Landlord Bowley extended an invitation to the Mooselookmeguntic House for all to come over and join in a social dance, the Gordon Trio furnishing music. The ladies were gowning in handsome evening dresses and all enjoyed dancing until a late hour.

Rev. H. Childs the Baptist minister of Rangeley, pastor of the Union church, holds service at 3 o'clock this afternoon in the music room, the Gordon Trio furnishing the music.

Mr. and Mrs. F. M. Brown, Mr. and Mrs. F. G. Leavitt and C. H. Randall of Portland were here for over Sunday.

L. C. Bateman of the Lewiston Journal whose interesting articles appear in the magazine, after an absence of 20 years, this week has been making a trip through the lakes and found many and wonderful improvements have been made since his last visit.

Mr. and Mrs. F. H. Daggett and son Holman B. of Strong and their brother and wife, Mr. and Mrs. G. F. Daggett of Brooklyn, N. Y., were guests of this hotel Wednesday.

Miss Edythe Riley of Germantown, Penn., on Thursday joined her parents for a stay of several weeks.

Messrs. Reginald Windham of London, England; Kenneth and James Raymond of New York City, who have been guests of Megantic Club, returned this route making a short stay here.

Mr. and Mrs. C. A. Seymore of Litchfield, Conn., are passing a few days at this hotel while touring Maine.

A. E. Stevens of Boston has joined his friend, Mark I. Adams of Brookline, Mass., and the young gentlemen are having a most pleasant outing.

Mr. and Mrs. Jos. D. Boseom of St. Louis, Mo., have been this week enjoying their first visit at Mountain View.

E. E. Pearce and Miss Carrie C. Iremonger are among the New Yorkers who have come this week to enjoy September days at this hotel.

Mr. and Mrs. Thomas Conway of

Philadelphia are here for a ten days' sojourn.

There are several parties going home this week but more coming and if the weather is warm and pleasant September promises to be a busy month at this hotel and the fly fishing good, too.

### DRY FLY FISHING IS LITTLE KNOWN.

#### American Experts With Floating Fly May Be Counted on Fingers of One Hand.

Although dry fly fishing has been practiced in England for upward of 70 years, it is only within the last three years that it has come into vogue in America, and only this year has it taken on any semblance of general use among American trout fishermen. That this method of luring the red spot is better adapted to the chalk streams of England goes generally without argument, but that it offers a diversion from the wet fly is undisputed, even though the catch may be smaller.

In America experts with the floating fly may be counted on the fingers of one hand.

The method employed in fishing with the floating fly is to fish up stream, casting ahead to the quarter, allowing the fly naturally to drift down stream. The cast should be made slightly above the rise or beyond a spot that seems likely to house a possibility. The English system is to fish only the rise, and on days when trout were not rising our English Waltonian friends have been known to sit on the bank, all day without wetting a line or considering the probability of a catch in a likely pool. When the fly has floated past the likely spot, lift it gently from the water. Do not give a sudden jerk or you will scare your next hope beyond allure. Make several false casts to dry and lengthen your line and drop the fly gently, wings cocked, above the next spot selected by your fish sense, and so on ad lib.

Now, as to tackle. Thus far writers on the dry fly, both English and American, strongly advocate the purchase abroad of lines and flies. From this I must dissent. I have found in New York fishing tackle stores dry flies that are perfect imitations of the insects on Esopus, Beaverkill and other local streams, and in all cases these flies were carefully and artistically tied and made of imported material. The line required for the dry fly must be tapered silk, size F being best adapted. Here also the general advice calls for the very expensive imported line, which is not at all necessary, as the Frazer tapered silk line, for sale at all tackle houses, offers every advantage including less cost. Although not a cheap line the price is in proportion to the quality and "lastingness."

To augment the buoyancy of the dry fly it will be necessary to paraffine it from time to time. It will be wise to carry a small phial of paraffine oil, which may be applied with the thumb and fingers. The first application should be made on fly and tackle after tying on the leader. The leader should be of tapered gut, six feet being the most convenient length for all weather casting.

For dry fishing, a rod with snap, whip and backbone is required both for comfort and results. The length best suited—about nine feet—weighs not more than five and one-half ounces. Split bamboo is best.

## SPORTING CAMP NEWS

### Notes From Bangor & Aroostook Passenger Department.

George M. Houghton, general passenger traffic manager of the Bangor & Aroostook R. R., has issued another bulletin concerning some of the leading sporting camps in northern Maine. They follow:

The Kidney Pond camps, I. O. Hunt, proprietor, reached from Norcross. These camps are proving more popular this year than ever before in their history. The oldest camper has never known fishing to be better and large catches are reported daily. Mountain climbing, always a feature at these camps, is particularly popular at this time, as now trails have been blazed up Double Top and Roosevelt Mountains. A party of guests ascended Double Top on last Friday, and each one was high in the praises of the magnificent view to be had from the top of "The Heavenly Twins." A party is now preparing to ascend Katahdin, which is always a mecca for true mountain climbers. Around Beaver and Little Beaver (two of the Kidney Pond group of lakes) big game is almost always in evidence, and the guests vie with each other as to who can get the best snapshots of these wild inhabitants of the forest. Many game birds are seen in the berry patches near the camps. Among the new arrivals are: Mr. and Mrs. G. R. Gardiner, Brunswick, Dr. and Mrs. Bryant, New Haven; Dr. L. E. White, Boston; Stewart A. Farrell, Gilbert B. Lewis, New York city; Mrs. L. T. Lindenburg, New York city; W. T. Sloper, New Britain, Conn.; Mr. and Mrs. Donald C. Worth, Springfield, Mass.

Camp Phoenix, Sourdnaunk lake, Charles Daisey, proprietor, reached from Norcross. The fishing at Camp Phoenix, Sourdnaunk lake, is

now at its best and will be up to the last of September. Nice big speckled beauties are rising readily, eager to take the fly, many of them tipping the scales at one and two pounds and now and then three pounds. The recent drawing off of the extra head of water on big Sourdnaunk lake will make most ideal fishing, right in the door yard of the home camps. And Little Sourdnaunk stream are always to be counted on. Among the guests at Camp Phoenix, who are enjoying themselves are: Judge Warren A. Reed and Clarence Reed, Brockton, Mass.; P. E. Womelsdorff, W. F. Holt, John Barnes, J. E. Fryberger, Philipsburg, Pa.; Mr. and Mrs. Glackens, New York city; Dr. H. C. Gilchrist, Nyack, N. Y.; Mrs. Anna B. Lathrop, Cambridge, Mass.

Camp Moosehorns, Haskell & Brown, proprietors, reached from Schoodic. These camps are about all filled and all the guests seem care free and happy. Some are enjoying the quiet, and just relaxing, while others are exploring each brook and bringing in the fine brook trout to be enjoyed by all at the tables. Others feel well satisfied with the fishing at camp waters, perch and pickerel being taken in abundance. Many take tramps with kodak, getting pictures of game, fish and landscape. So each in their own way are getting all the good they can from their vacation here. We have now 28 guests in camp. Mr. and Mrs. William H. Smith, Jr., of New York have just returned from a two days' camping trip with A. Haskell as guide, and are enthusiastic over their first experience in sleeping in a "lean-to."

Their out-of-door life was thoroughly enjoyed. Among the guests here are: Mr. and Mrs. Charles E. Brugler, Lakewood, N. J.; Mr. and Mrs. Walter Murphy and daughter, Evelyn, Philadelphia, Pa.; Miss Reid, Baltimore, Md.; Mrs. Zella Dyar, Otis

## PROGRAM FOR SEPTEMBER

### Services of the Federated Church to be Resumed.

The usual services of the Federated church will be resumed next Sunday. The subject of the morning sermon will be "The Power of Fear." During the coming months an especial effort is to be made to make the Sunday evening services more interesting and valuable.

One evening every month is to be devoted to the review of some recent book of importance; on another Current Events will be discussed with a view to their larger implications. At least once a month there will be a sermon on some important phase of practical everyday life, and on a fourth stereopticon pictures will be shown.

The Sunday evening program for September is as follows:

6th Current Events  
13th The Coming of the Prince  
20th Book review—books on Germany  
27th Pictures—Germany  
It is hoped that these services may receive such a friendly co-operation on the part of the citizens of Phillips that they may be continued and strengthened.

M. S. Hutchins, Pastor.

## REPUBLICANS HAVE MEETING

### First Speech in Phillips in This Campaign.

Hon. Thomas Sterling, Republican senator from South Dakota, spoke to a good sized audience in Lambert hall last evening. He was introduced by County Attorney J. Blaine Morrison, who also made a few apt remarks.

This was the first audience the Senator has addressed in Maine in this campaign. He is a forceful speaker and held the attention of his listeners throughout. He spoke entirely on the National issues.

The Phillips Band furnished music and also gave an open air concert.

A. W. Bean was much worse the latter part of last week, but is more comfortable at this time.

Mr. F. A. Lawton, who has been superintendent of the Sandy River & Rangeley Lakes railroad for about ten years, severed his connection with that road last Monday, as the offices of superintendent, and general freight and passenger agent have been abolished and a general manager appointed with office in Phillips. Mr. F. N. Beal receives the appointment, effective September 1, and will have charge of all departments.

Mr. and Mrs. D. F. Field were in Farmington for the afternoon Wednesday.

Fred Morton has been hired by the Sandy River & Rangeley Lakes railroad to have charge of the Farmington transfer, and commenced his duties last Tuesday, September 1st.

R. H. Preble went to Lubec Tuesday morning for a week or two. Mrs. Preble and the children, who have been there for nearly three months with her father, will accompany him home.

Henry and Albert Scamman were in Weld from Friday until Monday with relatives. They report a very fine band concert by the Rumford band Sunday afternoon on the veranda at The Maples.

Miss Dallas Voter entertained the following friends at a Thimble party Wednesday afternoon: Misses Gladys Dutton, Mollie Hescok, Ruth Austin, Ina Badger, Miriam Brackett. Refreshments were served and a very pleasant afternoon passed.

Mr. and Mrs. H. J. Hescok will start on an automobile trip through the White mountains Saturday with Dr. and Mrs. E. A. Sheehy and little daughter of Rumford.

Henry Scamman found a Maine automobile number, 6042, in the road near Blake hill Wednesday.

Miss Mollie Hescok, who has passed her summer vacation in Phillips, returned to Boston this morning where she will resume her work in the William Filene Sons company in the millinery department.

Notice the rates offered by the Sandy River & Rangeley Lakes railroad for the State fair at Lewiston September 7-10, inclusive. They will also sell half fare tickets.

Miss Theresa Jordan and mother of Auburn, who have been boarding at F. H. Thorpe's for the past few weeks, returned home Wednesday after a few days' visit with Mrs. F. N. Beal.

Don't forget the Democratic rally at Lambert hall Tuesday evening, September 8.

Harry Hinkley of New York has joined his mother, Mrs. Julia Hinkley, in Phillips for a visit with his sister, Mrs. D. F. Field.

Don't forget that some speakers of the Progressive party will speak in Phillips on arrival of the noon train next Friday, September 4, from Rangeley.

Mrs. H. W. True went to Springvale today for a week's visit with her sister, Mrs. Jennie Dutton. Miss Gladys Dutton returned home with her.

The Christmas Present club was entertained by Mrs. N. H. Harnden last Thursday afternoon. Delicious refreshments were served. The next meeting will be with Mrs. Charles F. Chandler.

Hon. and Mrs. Joel Wilbur and daughter, Miss Georgine Wilbur, have returned home from their cottage at Rangeley where they have been for several weeks.

Mr. and Mrs. Charles Bonney and Mr. and Mrs. Arthur Bonney and little daughter have been the guests of their mother, Mrs. Lena Bonney, and sister, Mrs. Brownlow, at the Bonney summer home in Phillips the past week. Mr. and Mrs. Charles Bonney have been passing the summer at their summer home in New Hampshire and Mr. and Mrs. Arthur Bonney in Egypt, Mass.

Ira Whittemore of Portland was in town for a day this week. Mrs. Whittemore, who has been with her father, Wilson Beal, for some time, returned home with him. We are glad to be able to report that Mr. Beal is much improved in health and able to go out of doors.

Mr. and Mrs. Fred Davenport and

Sleeplessness. You can't sleep in the stillest night, if your digestion is bad. Take Hood's Sarsaparilla—it strengthens the stomach and establishes that condition in which sleep regularly comes and is sweet and refreshing.

children, Clarice and Howard, are visiting their daughter and sister. Mrs. Howard Toothaker, in Portland for a week.

Mrs. Frank Badger of Rangeley came to Phillips Wednesday for a visit with relatives.

Miss Miriam Brackett entertained the following friends last Friday afternoon at a thimble party: Mrs. Glidden Parker, Mrs. Everett Knapp, Misses Gladys Dutton, Ruth Austin, Dallas Voter, Mollie Hescok, Edith Morton, Ina Badger. Refreshments were served.

Mrs. E. H. Shepard and Miss Mabel Austin of Farmington have been on a trip to Etna the past week.

Mr. and Mrs. Fred Toothaker and little son are visiting Mrs. Toothaker's sister, Mrs. Carroll True, in Gardiner.

Mr. and Mrs. Harry Brown and children of Rangeley have been the guests of Mr. and Mrs. E. H. Whitney this week.

Mrs. Tena Daggett of Lowell, Mass., is the guest of her sister, Mrs. W. W. Small, in Farmington.

Mr. and Mrs. Frank Horeysek were entertained at Will True's camp at Dallas over Sunday by Miss Edna True.

It is hoped there will be a good attendance at the next regular meeting of Hope Rebekah lodge which will be Sept. 11 at 7.30 p. m., as it is expected that Miss Vesta C. Whitten, President of the Rebekah Assembly of Maine, will visit the lodge. As she wishes to see the degree work if possible, a rehearsal of the staff is called by the degree mistress for Thursday evening, September 3d, at 8 o'clock. A full rehearsal is necessary as there is but a short time in which to get into practice after the summer vacation of the staff.

Francis W. Bird of New York, chairman of the county committee, will address the Progressives at Lambert hall, Wednesday evening, September 9.

Messrs. C. L. Boston, Lubert Pratt and George Powell went to Long Pond this morning for an outing.

The Little Bakery at the upper village will be closed for one week. Mr. C. E. Cleveland, the baker, thinks one week out of 52 is not neglecting his business. Mr. and Mrs. Cleveland will take a carriage drive 40 miles across

country with their family driving mare, Bessie. They will visit their relatives in Skowhegan and attend the Somerset Central Agricultural fair, returning to Phillips on or about September 14, when they will again be ready to supply the people of Phillips with home cooked food.

H. O. Smith of Portland is in town this week in the interest of the Electric Light company, who has completed a line into Strong, and who wants to come to Phillips, if a satisfactory deal can be made. If the company comes to Phillips it means a 24 hours' service for us. It is hoped the citizens will realize the tremendous benefit this will be to the town, and we trust that those who are in a position to help in the movement, will do so.

## SHADOWS.

"Could you sing that song about the twilight when the flickering shadows softly come and go?" said the sentimental youth. "Sir!" exclaimed the lady at the piano. "I don't approve either of the current fashions in gowns or of the promiscuous references to them."

Sept. 1.

James L. Kenney of Lowell, Mass., has been visiting at Heathlands.

Mrs. Queenie Everett and little son of Lawrence have returned home.

Mr. and Mrs. R. H. Cunningham and daughter of Vermont have been visiting here.

Business was lively about town the past week on account of campmeeting. The attendance was not probably as large as it would have been had better weather prevailed.

Fred Pease and son Forest of New Gloucester were in town for a few days.

Miss Lucile Harris of Rangeley has been visiting her grandparents, Mr. and Mrs. H. C. Harris.

Mr. and Mrs. W. J. Marshall and Mrs. Frank Smith of Lowell were in town, being called here by the death of their mother, Mrs. Elizabeth Harris who died Aug. 16 at the home of her son, N. P. Harris. Her age was 91 years, 5 months and 10 days. The funeral was held at the Union church, Rev. J. T. Kelley officiating. Following is the list of flowers given by friends: Large pillow, children in Lowell; pillow from Mr. and Mrs. F. E. # NYOIL

FOR GUNS AND FISH-RODS

William F. Nye is the greatest authority on refined oils in the world. He was the first bottler; has the largest business and NYOIL is the best oil he has ever made.

## NYOIL HAS NO EQUAL.

Beware of scented mixtures called oil. Use NYOIL on everything where a light oil is needed. It prevents rust and gives perfect lubrication.

Sportsmen, use it liberally on your firearms and your rod. You will find it by far the best. Hardware and sporting goods dealers sell it in large bottles (cheaper to buy) at 25 c. and in trial sizes at 10 c. Made by

## DELIGHTFUL PIAZZA DINNER PARTY

### A "Barbecue" Held at the Bliss Place and Enjoyable Evening Reported.

(Special Correspondence.)

Rangeley, Sept. 1.—Miss Kathleen J. Dyer, who has been spending the summer at Rangeley left Saturday morning for a short visit at her home in Vinahaven before returning to Passaic, N. J. for the school year.

Miss Vera L. Adams of Canton has been engaged to teach the sub-primary school. The district schools and grade schools will begin Sept. 14. High school only, will begin Sept. 8.

Mr. and Mrs. J. Forest Locke of Farmington were week end guests of Mr. and Mrs. Geo. Mosher.

Norman Huntoon is working for Oakes & Badger.

Mrs. E. C. Stuart of Andover, after spending a few days with her friend Miss Mona Loomis returned home Monday.

Political rallies are much in evidence now. Monday night occurred the Democratic rally, McGillivuddy and Austin as speakers. Thursday the Progressives held forth and Sept. 10, Bert M. Fernald and H. S. Wing speak in behalf of the Republican cause.

William Tomlinson was called to Oquossoc Friday to get a Russian, who was stranded in a strange country and with no means of making his wants known. At present Mr. Tomlinson is providing for him.

Wilmont Patterson was in Farmington Monday, en route for Jackman, where he is guiding.

James L. Brackett is driving a new Ford about town.

George and Harry Dennison were in town a few days recently. Harry Dennison returned to his home Saturday accompanied by Mrs. Dennison, who has been spending the past month with her mother, Mrs. Betsey Tibbetts.

Mr. and Mrs. Lester Ellis and daughter Rena spent the past week visiting relatives and friends in and about Phillips.

Mrs. Aaron Soule entertained at a delightful piazza dinner party Wednesday evening the following guests: Mr. and Mrs. Philip Tibbetts and daughter Gwendolyn, Mr. and Mrs. Ernest Robbins, Mr. and Mrs. Phineas Tracy. The menu consisted of roast chicken, dressing, cranberry sauce, mashed potato, green peas, blueberry pie, lemon patties, assorted cakes, tea and coffee. The company next adjourned to the moving pictures to complete the evening's entertainment.

John Russell has had a new gasoline tank installed at the front of his store.

Miss Geneva Little of Monmouth, who has been spending a few days with her friend Emma Russell, returned home Friday. Miss Russell accompanied her as far as Phillips.

Mr. and Mrs. J. Sherman Hoar left Monday for a short trip in Augusta, Lewiston and Rockland, making the trip by auto.

Mrs. E. B. Herrick, who has been at Poland Springs for the summer returned to Rangeley Thursday and will be at Hobart's for the month of September.

Mrs. Ira D. Hoar, Mrs. Albert Carlton and son Donald enjoyed an auto trip to Phillips Friday. Mrs. Carlton is the guest of her parents, Mr. and Mrs. I. D. Hoar for a few days.

Mrs. Josephine Marshall left Friday morning for Rockland to visit her sister, Mrs. Fred Lothrop.

Joseph Vaughan, newly elected principal of the High school was in town one day last week, preparing to begin his duties.

Mr. and Mrs. R. A. Robbins and son Howard of West Mills and Mr. and Mrs. Folsom and daughter Arlene of Bingham were guests of Mr. and Mrs. Leon Robbins the past week.

Miss Sweetser leaves Friday for her home in Pownal. Mrs. A. M. Ross and Miss Thalia Hoar accompany her for a short visit. Sept. 7 Miss Sweetser will be maid of honor at the wedding of a friend in Yar-

mouth.

The new tank wagon for the Standard Oil Co., of New York is attracting considerable attention. This wagon has a capacity of 924 gallons. During the month of August the gasoline sales registered for the Rangeley division upwards of 12,000 gallons, which shows that the people "go some" in this part of the country. Harvey Tibbetts is driver of the wagon, which now makes trips to Stratton and Eustis.

Col. John Caswell entertained at Furbish hall Thursday evening with an illustrated lecture on his African hunt. Col. Caswell is thoroughly at home with this subject, having made two extended trips and securing some fine specimens, among them being four world's record specimens, which he has kindly loaned to the Agassiz museum. The pictures were especially interesting, being made from photographs taken by the Colonel during his trip. A goodly sum was realized toward the building fund.

A large party of the summer colony were delightfully entertained Thursday evening at the Bliss place, the entertainment taking the form of a "barbecue." The party was held on the lawn, made beautiful by the addition of many Japanese lanterns. Several large fires were also built about the place, which added to the beauty of the scene. The lamb was done to a turn being in charge of Geo. Snowman and the coffee in charge of Lee Wilcox. Potato, peas, cake and ice cream were also included among the good things. Dancing was enjoyed through the evening, music for which was furnished by Harris' orchestra, four pieces. The guests were conveyed to their various destinations by way of autos and from all accounts a fine time was enjoyed by all.

### CHILDREN'S DAY CONCERT AT METHODIST CHURCH.

A Children's Day Concert will be given at the Methodist church next Sunday evening, beginning promptly at 7.30. An offering will be taken for the Children's Day Fund of the M. E. church, which is applied to educational purposes.

Increasing Attention Being Given Crop as Forage Plant—Used Successfully as Ensilage.

(Prepared by the United States Department of Agriculture.)

For the past two years increasing attention has been given to sweet clover as a forage plant. County agricultural agents in several states last year gave the crop some attention in an experimental way. Those in Kansas and South Dakota were particularly active, and the results were so satisfactory that the area seeded this year has been enormously increased. A report from Allen county, Kansas, states that more than 2,000 acres were seeded in that county this year. Last year a farmer in Clinton county, Iowa, conducted an excursion to a farm on which is grown annually 60 to 100 acres of sweet clover for hay and pasture on land worth more than \$100 per acre. On June 9 and 10 this year two Illinois county agents joined in an excursion to a 300-acre sweet clover farm in Ogle county, Illinois. One county sent 21 automobiles with 109 farmers representing 25 townships. A total of 45 automobiles made up the train. Among the interesting things done on the farm visited is the pasturing of 60 head of cattle on 40 acres of sweet clover. The clover is also used successfully as ensilage.

#### Why Timothy Is Favored.

Timothy is a palatable hay and this is one of the chief reasons why it is standard in most markets. In addition to this a horse can be fed a large quantity of it and will suffer no ill effects when given a hard drive immediately after having eaten the hay. Palatability depends largely on the time the hay is cut and on the method of curing.

#### Produce Succulent Food.

Generally speaking it is more economical to produce succulent feed in the form of roots for a small number of cows than to produce it in the form of silage, though small silos are now manufactured and used to some extent.

#### The Simple Life.

After a farmer retires from active work he spends the balance of his life helping his wife with the family washing.—Louisville Times.

## BIRTHDAY OF NOBLE GRAND

### New Sidewalk a Great Improvement and Others Are Hoped For.

(Special Correspondence)

Kingfield, Sept. 2.—Rev. Jonas Edwards of Auburn will preach at the Free Baptist church Sunday, September 6, at 11 o'clock.

Mrs. C. S. French left Monday to visit her daughter, Mrs. W. L. Lovejoy of Hancock, Mass.

Mr. and Mrs. Robert Cunningham, after spending a few days in Salem and Kingfield have returned to their home in Hancock, Mass.

Mrs. George Gage and three children, John, Eleanor and Suzanne, who have been visiting Mrs. Gage's aunt Mrs. Augusta Parker for the past month, has returned to their home in Chicago.

Mr. Clinton Vose and daughter, Caroline, who have been visiting relatives in town for several weeks, have returned to their home in Lawrence, Mass.

Misses Ada and Lucile Vose returned with their grandparents, Mr. and Mrs. William Potter, to Wakefield, Mass.

Mr. and Mrs. Clyde Simmons have moved from Bert Pinkham's in Freeman to Allen Dyer's house on Riverside street.

Miss Dorris Wilkins went to Lewiston Tuesday.

Ed Thompson has bought the Aunt Jane Mitchell house on Main street.

Mrs. Bessie Dunton of Moscow underwent a surgical operation Thursday morning at the home of her father, L. P. Hinds. The operating surgeons were Dr. S. F. Green of Solon and Dr. F. J. Williams of Bingham, assisted by Dr. O. W. Simmons of Kingfield.

A practice meeting of the Rebekahs was held Monday evening with an attendance of 22. This was the anniversary of the birthday of the Noble Grand Mrs. Mina Landers and was observed by present of a large glass cake plate loaded with chocolates from the lodge. Her sister, Mrs. Alma Dolbier served refreshments of assorted cookies, cake and raspberry shrub. The attendance contest at the close of this meeting showed the yellows sixteen ahead.

The wedding of Arthur Woodcock and Miss Pearle Durrell is announced for Thursday evening at the Evangelical church.

Sunday evening, Rev. A. P. Bailey gave an especially interesting and instructive lecture on The Puritans and Anne Hutchinson at the Universalist church.

The town has been without electric lights for several days during the installing of a new engine at the Huse Spool & Bobbin Company's mill.

Dr. Everett Winter and wife of Brooklyn, New York, are visiting his mother, Mrs. Lucinda Winter, sister, Mrs. F. B. Hutchins and brother, A. G. Winter for a short time.

J. E. Voter has gone to Dead River to scale for the S. D. Warren Paper company.

The crew under the charge of Chester Atwood have finished work on the sidewalk on Riverside street. They have built 92 yards this year. The foundation of the walk is made of rock with a bank wall facing the river. Upon the rocks cinders have been placed and leveled off. Over these a layer of gravel several inches thick. The sidewalk is in itself a great improvement, but the appearance of the street could be still greater improved by planting trees or shrubbery along the border of the walk. And while doing this why not change the strip of land between the chain bridge and the Carrabasset dam into a small park. This could be very easily done by the planting of a few trees or shrubs and by placing a settie here and there.

Carl Stanley of Newton, Mass., is visiting his mother, Mrs. Minerva Stanley.

Albert Morrel has moved from the L. A. Norton tenement house to the

Will Morrill house on Maple street.

Harold Boynton was home Wednesday and Thursday of last week.

R. D. Henderson and wife, and H. R. McKenney and Miss Dorothy McKenney went to Bangor Tuesday to attend the fair, making the trip by auto.

Ada Lander returned to her work in Boston Friday.

The W. C. T. U. held a meeting at the Universalist vestry Thursday p. m.

Wiseman McKenney and family attended the Cleveland reunion at Embden Monday.

Helen Pratt of Madison, who has been visiting her aunt, Mrs. Edna McKenney for two weeks has returned to her home.

The funeral of Mrs. Jane Lander, who died in Massachusetts was held at the home of her daughter, Mrs. B. T. Stanley, Saturday afternoon at two o'clock.

Christine Mitchell and Nellie Williamson visited school at West Freeman Friday.

Ralph Luce, who has been visiting his great-grandfather, Chas. Leeman at North New Portland has returned home.

Cheston B. Hutchins has sold out his meat business to Clyde Simmons.

Willie Stanley was home from Belgrade to attend the funeral of his grandmother, Mrs. Jane Lander.

E. J. Voter and wife of Stratton were in town Friday on their way to New Vineyard to attend the Voter reunion.

Cloyd Small is working in H. R. McKenney's store.

Nellie Greenleaf of New Vineyard will teach the second and third grades at the primary school and board with Mrs. Blanch Small. Miss Maxey of North Attleboro, Mass., will be High school assistant and Ada Smith of Strong will teach the 6th and 7th grades and board at L. A. Norton's.

### THE ROBERTS SUMMER HOME SCENE OF PRETTY WEDDING.

August 1, Idlewild Cottage, East Waterboro, Me., the summer home of Dr. W. J. Roberts of Rochester, N. H., was the scene of a very pretty wedding, when Dr. Harold Danforth Ross and Edith Leonard Hotchkiss were united in marriage, Rev. J. B. Ranger of Springvale officiating. The cottage was daintily decorated with wild flowers and white crepe paper.

Dr. Ross is the youngest son of Mr. and Mrs. R. C. Ross of this town. He is a graduate of the Phillips High school and of Bowdoin Medical college in June 1913. He entered the Salem, Mass., hospital in July and served acceptably until the Salem fire in June of this year when the hospital was burned. Immediately he bought a practice in Union, N. H., where he is pleasantly situated and will open a private hospital in the near future.

Mrs. Ross was head nurse in the Salem hospital.

We wish Dr. and Mrs. Ross a prosperous future.

# Fly Rod's Note Book

BY FLY ROD

"Could there be a better place for the Appalachian Club to have their annual autumn excursion than to the Rangeley Lakes down in Maine?" was the question asked several months ago, and the committee made the wise decision by answering "We will go there." Last week George D. Newcomb of 28 Commonwealth Ave., Boston, came to the lakes and completed all arrangements with Capt. Fred C. Barker whereby as announced the autumn excursion will be from Sept. 19 to Sept. 26 in the Rangeley Lake region, making its headquarters at the Birches, Student Island, Mooselookmeguntic Lake. The members of the party will live in log cabins, which flank the head house or mass hall. These cabins are clean and dry, many of them being connected with bath rooms, and each having two or more sleeping rooms and a large living room with open fireplace. The cabins hold four, six and eight people, thus giving members a chance to make up cabin parties of their own. Trips will be made to all the lakes of this chain including a trip to inspect the large dam up the Magalloway river. Mountain trips will be made to Bald, Deer, Observatory and Azischoos, the last named mountain commanding a very extensive view of northern Maine and New Hampshire.

A day and night camp party on Azischoos mountain will be arranged. Good camping and tramping clothing should be worn for this trip and those who intend to go on the night camp are asked to carry a travelling rug, or sleeping bag, and have a knife, fork, spoon and serviceable drinking cup and all should wear good heavy soled shoes for mountain climbing. The steamer Florence Barker has been chartered for the use of the party on Mooselookmeguntic Lake and will connect with the steamers on the other lakes for the trips about those waters. Canoes and row boats will be hired

for the week.

The members of this delightful autumn excursion, which it is expected will include eighty persons are to leave the North Station, Boston, on Saturday morning at 10 o'clock in special cars, taking their own lunch with them, arriving at Portland at 12.40 p. m. and at Bemis at 5.40 in the evening where the steamboat will take the party directly to the Birches, where a good supper will be waiting. We welcome this, one of the best known clubs in New England to the Rangeleys. You have wisely chosen one of the best known and beautiful places in the land for the outing. Come and climb our mountains, gather the rare flowers and ferns, cross our lakes and camp on the shores, and go back home and tell all your friends of the beauty of the Rangeleys that they, too, may follow in your footsteps.

It often seems to me as if the music of the pines as the breeze brings their sweet perfume over the lakes as I go across from place to place had a sad note these days. I can but wonder if from over the ocean the echo of the mourns of the dying soldiers, the sighs of the heart broken mothers, wives and sweet hearts as they say a last good bye when their own dear ones march away, is not coming to us. When I see amid the green of the trees the stars and stripes of our own dear flag floating in the breeze, I often find the glad tears will come and I thank God I live in this dear land of the free. Free to worship the Maker of all good as our conscience dictates, free to do good to others, and protected by the flag we love so well.

Here and there I see the Red Cross appeal for the needed help of the great work the order is doing and we read of the brave, noble doctors and nurses, who are ready to take the boats that are being sent out for the Red Cross work. Do you

realize that each and all have a chance even here in this land of peace in this beautiful lake and mountain region to help on the good work?

When at Pleasant Island Camps in the Cuspuptic lake the other morning, I noticed Miss Isabelle MacDonald, a Scotch graduated nurse, who is a guest of Dr. and Mrs. Henry H. Hazen of Washington, D. C., at their attractive camp "House-in-the-Woods" collecting for our American Red Cross. More than \$60. had been given by the guests, guides and employees of Pleasant Island and the nearby camps. Miss MacDonald Boardman of Washington, D. C., is chairman of our National relief board of the Red Cross Society.

## FIRST HEDGEHOG TO WEAR BLUE RIBBON

Proprietor Coburn Meets With Bad Accident--Busy September Predicted.

(Special Correspondence.)

Lakewood Camps, Middle Dam, August 28.—This is the time when the buckboard and automobile as the come and go from Sunday Cove is sure to have a party coming or going through the chain of lakes, and Dixville Notch and then up to Quebec and Montreal, or through the White Mountains and nowhere in all the land is there a more wonderful journey or more beautiful, wild, grand scenery.

Mr. and Mrs. C. Partridge of Brooklyn, N. Y., who have been making a trip of several weeks, visiting the different places in the Rangeleys; Miss F. C. Kachline and sister Miss S. A. Kackline of Nazareth, Penn., who have been stopping at Mingo Springs, have just taken the team to cross the carry and plan to spend some time at the Balsams.

Some of the young men who are guests at Lakewood Camps will no doubt develop into great animal trainers we judge by the feat that Samuel Jones and J. Ramsey Van Roden, two of the city boys have already accomplished. One evening this week they were returning from fly fishing in the Pond-in-the-river, when they noticed a hedgehog climbing a tree. "How can we catch him?" asked one, and after holding a consultation, they took Sam's handsome \$3 necktie and bravely marched up to the tree and Sam held the game close to the tree by putting a stick on his head, and Ramsey tied the blue and white imported necktie to the hedgehog's tail, and then they brought their game back to the hotel and walked him over the piazza for their friends to admire, and later set him free.

The fly fishing is now improving, for these cool nights and mornings are a delight to the fly fisherman, who with his rod starts out for the real true sport of the angler, fly fishing.

Master Sam Jones of Waterbury, Conn., is very proud of the 4-pound salmon he took on a Dusty miller fly and also the 2-pounder and several smaller ones.

Frank Van Roden of Philadelphia came in the other morning with three handsome trout weighing 2 1/4 pounds, 2 pounds, 1 1/2 pounds, which is as pretty a trio as one often takes on the fly in a morning before breakfast.

Wm. Avery Casey of Medford, Mass., found that a 2 1/2 pound trout taken on the fly is sport.

F. N. Guild of Providence, R. I., is enjoying a two weeks' stay here.

Mr. and Mrs. W. B. Warhust of Passaic, N. J., who were here last year for their first visit were so much pleased with the place, they have returned for another month at Lakewood Camps.

Messrs. H. L. Norris of Lynn, Mass., and friends Wm. Avery Casey and Alfred S. Whitmore of Medford, Mass., are having a great vacation and have Camp Satisfaction. Walter Waite and Willis J. Morton are their guides and Mr. Norris thinks his 4-pound trout taken on a fly should be reported. Even if 2-pounders don't count he is proud of them.

Mr. and Mrs. E. H. Moulton of

Brookline, Mass., who have been spending several weeks at Kennebago, spent a few days here on their way to the White Mountains.

T. J. McDonald, Mr. and Mrs. Chas. L. Warren and Miss M. E. McCue of Lowell, Mass., who are stopping at Black Point Camps were here on Wednesday.

Dr. Charles Smith and wife of Portland are stopping at Forest Lodge for a few days.

Mrs. F. O. Cobb, wife of Dr. Cobb of Portland, who comes here every year, accompanied by her daughters Miss Cobb, Miss Madeline and Miss Martha Cobb are now enjoying a two weeks' stay in Camp Livingston.

Capt. E. F. Coburn met with an accident on Wednesday afternoon. He had just harnessed his fine stepper "Deacon" to exercise him and as he drove him down in front of the hotel the Deacon took a quick turn and broke the shafts and threw the Capt. onto a rock, where he struck with great force breaking his collar bone and was badly bruised. Capt. Coburn went to Portland for medical treatment and telephones he expects to return on Saturday, and all hope he will soon recover from the accident.

Miss Sarah Wales, Mrs. H. N. Clark and Waldo V. Lyon of Boston, who have been spending a month here returned home to-day.

This week a number of new parties are coming and September will no doubt find a larger number in camp than usual the last of the season.

The water is so low in the lake and through the Narrows, Capt. Coburn has not put his big steamboat Wellokennebacock into the lake this season.

## BLACK FOXES TO ARRIVE SEPTEMBER FIRST.

Mr. H. W. Thompson, foreman at the Perry Silver Fox Ranch at Millbridge, Me., is now at the fox ranch of the Maine Fur Ranching Company, Mirror Lake, at West Rockport, where he is superintending the completion of the wire pens and fox houses.

The work is going forward so satisfactorily that on September 1st Mr. B. C. Perry, who owns the largest fur farm in the country will deliver two pairs of silver black foxes to the Mirror Lake ranch.

These two pairs of animals are valued at forty thousand dollars and will be brought over the road from Millbridge by Mr. Perry, personally, in his Reo touring car.

This consignment of blooded livestock will be as carefully guarded en route as was the recent gold shipment at Bar Harbor.

## FISH AND GAME MATTERS

The commissioners of inland fisheries and game call attention to the fact that the new Federal regulations on Migratory Birds permit the hunting of two species of plover only—Black-breasted and golden. The bird commonly called "Upland plover" is really the Bartramian sandpiper, and under these federal regulations sandpipers are protected until Sept. 1, 1915.

The commissioners have received complaints of the violation, in several sections of the state, of the provisions of Section 12 of the fish and game laws, which prohibits the introduction of fish of any kind into any waters of this state except upon written permission of said commissioners. The board will investigate these complaints and institute prosecutions if evidence is secured of the violation of this law.

# CHANGES IN MAINE BIRD LAWS

The Commissioners of Inland Fisheries and Game are frequently being asked what specific changes have been made in our bird laws by the New Regulations on Migratory Birds and in answer the commissioners have prepared a memorandum of the principal changes. It is as follows:

Fifteen days taken from the end of the duck season, the open season now being Sept. 1-Dec. 16.

Protection placed on rails, coots, gallinules, wild geese and brant. The open season for wild geese and brant is the same as for ducks. The open season for rails, coots and gallinules is Sept. 1 to Dec. 1.

Fifteen days taken from the beginning of the woodcock season, the open season now being from Oct. 1 to Dec. 1.

Fifteen days taken from the beginning of the plover and snipe season, the open season on these birds now being Aug. 15 to Dec. 1.

Sandpipers and woodduck protected, and hunting for birds and waterfowl prohibited from sunset to sunrise.

## ASYLUM FOR BIRDS

Asked for By Residents of Prouts Neck.

Chairman Harry B. Austin and Blaine S. Viles of the Maine fish and game commission gave a hearing last week at Prouts Neck on the petition of the summer residents and others for the creation of an asylum for birds and animals on the Neck making it illegal to kill any birds or animals there, at any time.

The commissioners reserved their decision.

Thursday morning the commissioners went to Raymond with members of the Cumberland County Angling association to look the hatchery over and consult with the members of the association regarding some improvements, which it is proposed to make there.

## PECULIAR ACCIDENT

A motor boat carrying a pleasure party met with a peculiar accident a short distance off Orrs Island a few days ago, and as a result, a Mr. and Mrs. Cotton of Medford, who were on board, got an unexpected ducking. The boat struck a ledge just opposite the landing at Orrs, and rolled over, tipping out two of the occupants, Mr. and Mrs. Cotton. The others clung to the railing and managed to retain their places. Mrs. Cotton struck her head in falling and fainted. Both were taken into the motor boat until help came from shore when the boat was towed in and the two rescued people went to the Mascot where Mrs. Cotton's bruises were cared for and they were provided with dry clothing. They then returned to Harpswell where they are passing their vacation.

## SUMMER'S BUSY WEEK AT KINEO

### Jolly Party at West Outlet Bungalow Camps.

(Special to Maine Woods.)

Kineo, Moosehead Lake, Aug. 22.—Two power boat races, a delightful program of water sports, the annual golf handicap tournament for the new Mt. Kineo House cups with base ball, picnicking, dancing, and the set events on the long and short distance rifle ranges, together with a usual amount of horseback riding have made up the events of the summer's busiest week.

The weekly shoot was made pleasant by an enjoyable social function. Mrs. C. A. Judkins, who presented the prizes for the day entertained the following participants at the Yacht Club after the match: Mr. and Mrs. J. K. Clarke, Mr. and Mrs. Frank R. Savidge, Mr. C. P. Freeman of Philadelphia; Mr. and Mrs. John Reilly, Jr., Mr. G. E. Cooley, Mrs. Annie Allyn, Mr. and Mrs. Chas. Martin Clark of New York; Miss Susan Cook of Springfield, Ill.

The children have had a happy week. A masquerade party Friday was a pretty affair, and a putting contest earlier in the week gave many thrills of excitement. Little Eleanor Judkins, daughter of C. A. Judkins, of Kineo, won the girl's prize, with Margaret Brooks, daughter of Mrs. Jas. H. Brooks, of Philadelphia, as runner up; Danny Conklin, son of vice Commodore C. A. Conklin of Atlanta, was high among the little fellows, with Brown Stevens, son of Mrs. J. B. Stevens of Montclair, runner up.

A tennis mixed doubles attracted a large gallery throughout the three days of its progress twelve couples participating. In the finals Mr. and Mrs. Austin J. Feuchtwaenger of Riverside, Conn., who had been picked as winners, were defeated by Paul Feuchtwaenger of Madison, N. J., and Mrs. Richard Decker of Summit, N. J., after some stubborn matches. Other players were Miss Esther Cott, Miss Dorothy Kinley, Mrs. Shamberg, of Philadelphia; Miss Alexander, of Montclair, Mr. Lesley Sheaffer, Clinton Sheaffer, John C. Lee, Jr., of Pottsville, Pa.; Mr. and Mrs. A. J. Stern, Rochester N. Y.; Miss Schulte, Mrs. Pickhardt, Miss E. Pickhardt, Mr. J. L. Martin, of New York; W. W. Demelman, Boston; Howard Rowland and Clarence P. Freeman of Philadelphia.

One of the largest putting contests ever held on the hotel lawn was won by A. J. Feuchtwaenger among the men contestants and Mrs. Decker among the women. The attempts to overcome the obstacles placed around the course furnished much merriment for the forty players as well as for the large crowd of onlookers.

In two fine games of base ball Kineo and a visiting team from Guilford broke even, Kineo losing the first 4 to 1 and winning the second, 4 to 3. Nearly 300 people witnessed the opening game on the new diamond, which is one of the most picturesque ball grounds in the world. This was a record crowd, and the glen under the shadow of Mt. Kineo, with its natural grandstands, added pleasure to those gathered to see the struggles. Kineo plays Camp Wildwood next. Belford West of

Hamilton, N. Y., who struck out 14 of the visitors, and W. W. Demelman who knocked in the winning run in the second game, started for Kineo.

The weekly motor boat race of the Yacht Club for prizes offered by vice Commodore Chas. A. Conklin of Atlanta, Ga., gave much pleasure to those assembled to witness the ten mile battle. The Hunky Dory, belonging to E. H. Outerbridge of New York, crossed the line first, the struggle for second place being a question of inches between the Snipe, owned by Thomas Friant of Grand Rapids and Commodore Waring's Ioneta, the Snipe being awarded the prize.

A record entry list contended in the weekly medal play golf handicap. Among the fifty odd, Mrs. Myra D. Paterson, the best woman player on Kineo's links with six handicap, and W. W. Demelman of Boston with twelve were all even at the end of 18 holes, dividing the prize which was a golf ball sweep-stakes. More people are using the golf course here than ever before and interest is keen in the annual match for the Mt. Kineo House cups, the qualifying round for which was played the middle of the week, 32 qualifying out of a field of over fifty.

A special steamer party enjoying a dinner at West Outlet Camps with a sail around the lake included Mr. and Mrs. W. W. Walton, Miss Walton, Mrs. Jas. H. Brooks, Miss Brook F. H. Chandler, Jr., Miss Henderson, Mrs. Harned and son, all Philadelphians.

A notable feature of the week is the smashing of the 18 hole golf course record by L. H. Striley of Boston, the golf instructor, who made 66, which is 7 below the amateur record for the course.

Many horseback riders are seen on the fir-lined bridle paths around Kineo these cool August days, among them being Mrs. West Pollock, Miss Helen Leibert, Miss Marion Carpenter, daughter of J. E. R. Carpenter, Miss Lillian Palmer, Mr. E. O. Ely, Mr. Charles Martin Clark, his son and daughter, C. M. Clark, Jr., and Miss Katherine, Kenneth Outerbridge, son of E. H. Outerbridge, Earnest Simpson, son of E. L. Simpson, Mr. Pio Crespi, of New York; Miss Isabella Goff of So. Orange; Master Marcy Eager of Boston; Master Brooks, son of Mrs. J. H. Brooks, Howard Rowland, Clarence Freeman, Mrs. H. M. Nathanson and Miss E. C. Nathanson of Philadelphia.

Mr. and Mrs. Warren S. Sillocks and Miss Majorie Sillocks of New York are at the Mt. Kineo for the balance of the season. They have been joined by Mr. and Mrs. G. D. Potter, Miss Kathryn Potter, and Lester Potter, also of New York.

Mr. and Mrs. Arthur B. Waring are entertaining Mrs. I. B. Brennan at Camp Newphawin, Kineo Point. The Waring's had as guests during the week on board the yacht Ioneta, Mr. and Mrs. J. C. Cook, Miss Susan Cook, Jr., Mr. James Cook, Mr. John W. Bunn, who was a personal friend of Lincoln. His reminiscences of the martyred president in personal anecdotes make him largely sought as a story-teller.

No more jolly times are had among the lake shore, than among the people sojourning at the West Outlet Bungalow Camps. Among those registered there are the following: Mr. W. W. Bracht, Mr. A. B. Foster, Mrs. George Rae, Jr., Miss Ann Rae, Mr. Charles W. Edmonds, Mr. and Mrs. Forrest Magee of Phila.; Mr. and Mrs. Russell Magna, Holyoke; Mr. and Mrs. Harold Wood, Springfield; Mr. and Mrs. F. N. Williams, Taunton; Mr. J. L. Williams, Jr., and family, Morristown, N. J.; Henry D. Binning, Springfield; Mr. and Mrs. Fred A. Arnold, Brookline; Mr. and Mrs. Charles W. Ward, Miss E. O. have been at Bingham to enjoy this grand one.

Guy Chadbourne is president and secretary; A. F. Donigan, vice president and E. A. Baker, treasurer.

### AMATEUR NIMROD GETS THREE LIONS IN DEATH BATTLE.

Animals Were Crouched, Ready to Spring and Tear Him to Pieces.

Alvin H. Colter, a visitor from Chicago, arrived in Georgetown, Col., the other afternoon with three mountain lion pelts and a number of ugly gashes on his body as a result of an encounter with the big cats near Chihuahua on the other side of the Continental Divide, west of here.

Colter also had a narrow escape from death in a storm.

The Chicago man has a dozen bruises over his body, his arms are bandaged and swollen and he walks with a limp.

"I saw only one of the animals at first," said Colter. "I levelled my gun and turned to one side, to get a better footing and there, not ten feet away, crouched the mate of the first."

"I turned my attention to the nearest lion. He looked like an elephant to me, and you can see by the skin that he was a big fellow."

"I waited with my gun levelled at his head, and figured I could frighten him and avoid the danger of his rushing me. Not for this fellow. He stood up there and growled. His mate crouched too and started to growl."

"The two were reinforced by a third lion. Teddy Roosevelt may like this life, but I didn't feel happy as the beasts stood before me. There was no opportunity to get to cover. I stood with the gun levelled and it was getting heavy and wobbly. I had the extra fear of probably not having enough cartridges in the magazine to despatch all three if there was a combined attack."

"It was a case of take a chance, and I did. I fired at the first one. He bounced into the air toward me, and the cut on my wrist here is where he hit me with his paw. The yelling of those beasts was enough to drive a man mad. I levelled my gun at the second and fired. The first lion, apparently dead, lay only four feet away. The second bullet found its mark, too—between the eyes. This was a female and she died in her tracks, but the first victim rose once more and made a desperate lunge at me. He landed on my shoulders."

"There are the gashes. His claws stuck to my shoulders and I couldn't get away. I managed to keep standing, and that is probably all that saved me. The big beast's head dropped a moment later, and I felt safe for the first time."

"I had forgotten the third. This was the smallest lion of the three, and when I looked around after getting rid of the big 'pest,' I saw him romping off. I started in pursuit, yelling like an Indian, and saw him climb a tree. I shot him. He fell out and I sent another bullet into him."

"I am going back to Illinois on the first train I can get. I have had all I want on this trip."

Colter's largest pelt measures seven feet, and 11 inches from tip to tip.

## WELD BOAT CLUB IS LAUNCHED

## Fifty Members Already Enrolled— Water Carnival and Other Sports Will be Enjoyed.

(Special to Maine Woods.)  
Weld, August 31.—Miss Medora Haskell of Portland is the guest of the Andrew Marshs at their camp for two weeks.  
Leon Timberlake of Portland was the guest of his friend Harold Marsh last week.

Mr. and Mrs. Ernest Steele of Portland have been in town the past two weeks, guests of relatives.  
Mr. and Mrs. Harry Greenlaw and son of Boston are guests of her parents, Mr. and Mrs. Albert Root at Lakeview Cottage for two weeks.

At the Congregational church Wednesday evening Rev. C. L. Woodworth gave a reading from "The Lost Covenant" and Miss Medora Haskell assisted in the musical program. A silver collection was taken at the door for the benefit of the Christian Endeavor under whose auspices these Wednesday night services have been held.

Miss Lucy Root of Jamaica Plains, Mass., was the soloist at the Congregational church Sunday morning. In the evening Prof. Herman Chapman of the Forestry Department of Yale University gave a talk on forestry and the musical program was furnished by Miss Marguerite Fales, contralto soloist, Miss Caroline Fales, accompanist, and Mr. Clarence Arey, violinist. It is expected that Prof. Spanhoff of Washington, D. C., will give a talk next Sunday night on the causes that have led up to the war in Europe.

On the evening of Monday, August 29, Conant's pavilion was the scene of one of the most successful social events of the season at which the Weld Boat Club was launched on what promises to be a most successful voyage. Over 200 people accepted the invitation which was extended to every person in Weld to attend The First Semi-Annual Concert and Dance of the proposed Weld Boat Club. At 8.30 a six piece orchestra under the leadership of C. W. Arey of New Bedford, Mass., rendered in a most pleasing manner the following concert program:

March—The Whip, Holzman  
Romance—Petals, Marcel  
Violin Solo, by Morattel Ruerat  
Selection—Adele, Briquet

Mr. H. C. Fales was then called upon to explain the Weld Boat Club and its purpose to the interested gathering. Mr. Fales said "the purpose of the club is to draw the summer people and the home folks to Weld into a closer social relationship through the medium of good clean sport. For the lovers of croquet and tennis good courts will be provided; for the lovers of water sports weekly races will be held on the lake with handsome prizes for the winners in the season's work. To develop the social side of the club twice each season a concert and dance such as is held here to-night will be given to club members and friends. Towards the end of the season a grand tennis and croquet tournament will be held, and a big

"Race Day" and water carnival will be held on the lake. All these various activities will be open to the members of the Weld Boat Club only. Any person over fourteen years of age can become a member by paying one dollar to Henry G. Swett before October 1, 1914. This one dollar will go as the dues for the ensuing year. Any person wishing to become a member after October 1, 1914 will be required to pay in addition to the one dollar yearly dues, one dollar as the initiation fee. Join now and save money. Already fifty members have been enrolled and the membership blanks at Trask's Ice cream Parlor and Houghton's store are rapidly being filled up. The sailboat activities of the club are going to be built up around a one design class of racing skiffs, three of which have been built and raced this summer. Mr. Phillips H. Ryder of New Bedford, Mass., was the designer and builder of this class and any person wishing information in regard to these fine little boats will receive it by writing to the designer. Already orders for three of these boats have been placed insuring a racing fleet of six boats for next year. An amateur builder can build one of these racing skiffs for about \$25. Built by a competent professional the price will be twice that sum." Following Mr. Fales' excellent address the following dance program was rendered:

Waltz, Maxixe  
Two Step, Portland Fancy  
Schottische, Waltz  
Lady of the Lake, Tango Argentine  
One Step, One Step  
Everyone seemed to have a most enjoyable time and all were loud in the praise of the Weld Boat Club and the much needed work which it has undertaken.

At the Union church Sunday morning Dr. Vichert of Providence preached a very interesting and helpful sermon from Romans 1: 16, and Rev. J. B. Coy spoke in the evening.

## MRS. FLORENCE WILBUR PASSES AWAY IN HOSPITAL.

Misses Vesta and Lepha Phillips of Avon have received word of the death of their sister, Mrs. Florence Wilbur, wife of Lyndell Wilbur of Boston, which occurred last Monday night in a hospital where she went for an operation four weeks ago. They state that the case was almost hopeless from the first, but they entertained hopes that she might recover sufficiently to accompany her daughter home to New York.

Mrs. Wilbur was the daughter of the late Mr. and Mrs. John Phillips who resided in Avon, living their last years on the farm on the east side of the river and which the daughters have kept, and where they have come each summer to pass a happy vacation. Misses Vesta and Lepha Phillips reside there permanently now. Besides the two sisters named, the deceased has one sister, Miss Nettie Phillips of Portland and one brother, Mr. John Phillips of Skowhegan.

Mrs. Wilbur was twice married, her first husband being a Hughes, and two daughters were born to them, the oldest dying some years ago; the youngest Mrs. Charles Letts resides in New York. Mr. and Mrs. Wilbur lived in Phillips several years ago for a few years where they had a fancy goods store and Mrs. Wilbur did a successful dressmaking business.

Mrs. Wilbur will be remembered by many friends as a generous, kind hearted woman and anything she could do for the comfort or happiness of a friend was always gladly done. The affection between mother and daughter was very deep, and Mrs. Letts who is in poor health, has the kindest sympathy of friends in her great bereavement, as do the other relatives.

The funeral services were held Wednesday, followed by cremation. The ashes will undoubtedly be brought to Phillips as those of Mrs. Wilbur's daughter rest in Evergreen cemetery and other relatives lie in the Pease cemetery.

## Home-Made Ointment.

The following is a recipe for a simple home-made ointment, which is excellent for applying to cuts and bruises: One teaspoonful each of olive oil, turpentine, spirits of camphor and coal oil. Of course, any amount desired may be made, but the proportion must be as given here.

## LIVERMORE FALLS BASE BALL CLUB

## Play Good Ball, Losing Only Six Games Out of 25—Rifle Club to Attend State Shoot.

(Special to Maine Woods.)

Livermore Falls, August 31, 1914.—The Livermore Falls Base Ball Club has a very strong team. They have played this season 25 games winning 19 and have lost only six games, playing with all of the best clubs in the state outside of the New England League.

The Rifle Club has not been shooting very much this summer. They will try to attend the state shoot, which is held in Auburn this season.

S. S. Locklin.

## Proper Braking.

Use the brakes with judicious care, and motor tire mileage and general service will be greatly increased. This advice, says the Diamond Rubber company, is well worth careful consideration, and, while not so important as ample tire inflation, perhaps is given less heed by most drivers. Each application of the brakes causes some strain on the tires as well as in the transmitting parts of the machine. This strain, if constantly recurring, will, of course, result in the more rapid wear of the tires. The best drivers use the brakes very little, and their tire service is greater because of it. In ordinary road running—save in emergency cases—the engine may be relied upon to do the work usually asked of the brakes. It is surprising how smoothly and efficiently a car can be handled without the use of the brakes after a little practice.

## Trouble From Gas Leaks.

Leaks in the gas line from carburetor to cylinders will sometimes cause trouble. To test for such leaks apply oil to every joint, while the motor is running. Watch the joints, and if the oil is sucked in, the joint will need tightening or a new gasket, usually the latter, for excessive tightening of joints will sometimes twist the surfaces out of true so that the joint will leak more than ever. When fitting a gasket be sure that it does not project on the inside of the manifold, not only in order to prevent it offering friction to the mixture, but to prevent it being frayed and disintegrated, and pieces being carried up to clog the valve. Pieces of asbestos gasket have been known to get on a cylinder head, where, becoming incandescent, they have caused bad preignition knocks.

## THERE WILL BE A FAIR IN PHILLIPS.

(Continued from page one)

requested to bring a hammer and saw. All those who would rather furnish material are requested to confer with one of the trustees in regard to the kind and amount required. There will have to be cedar posts, boards, paint and nails, everything in fact used in building.

All those who would rather give money are requested to send same to Treasurer, A. E. Bunnell. A strict account of this will be kept and a report of same will be published.

A baked bean dinner will be furnished and will be in charge of Mrs. Emma Raymond. All who will contribute food are requested to communicate with her in regard to it.

Now remember this is no begging affair. The trustees decided upon this course only after repeated urging by the people. The society certainly needs this help and it will help every one of us. For the fair is an institution founded by our fathers and grandfathers, and do we want to admit that we have not as much ambition, and patriotism as they? So let's all come who can and all help to make this fair the biggest and best. And remember there are lots of ways of helping besides by giving money or labor.

Whenever you can boost your home fair, don't speak disparagingly of it. If you cannot say something good of it keep still. For remember you help make the fair just as much as the next man and whatever you do or say will help or hurt the fair just that much. So speak a good word for it, and help all you can by word or deed and let us all try and get out on Friday, the 11th of September and help fix up the park and partake of a good old fashioned "FEED."

Otto A. Badger.

Ladies' Night at Grange last Tuesday evening, a drama was given, "No Man in the House," which was well acted and much enjoyed. A treat of ice cream and cake was served. Nearly 100 were present.

### Picking Up Tea.

The packet of tea lay on the pavement, apparently unnoticed by the youth who stood near. Just as a stout dame came along he darted forward, seized the packet, and, presenting it to her, explained that she had dropped it. A coin passed between them.

"I'm afraid you've been done, my boy," observed a passerby who had witnessed the performance. "That person never dropped the packet at all."

"I know she didn't," grinned the youth. "It's 'er as is done. Y' see, I gets the packet at 'ome, tears a small hole in the paper, empties the tea, fills it with ashes and drops it in the street. Wonderful 'ow it works. Serves folks right for not being honest, I always ses."

### Thought on Patriotism.

It is to be feared that the patriotism of this day has but little regard for such common things as individual economy and providence, although it is by the practise of such virtues only that the genuine independence of the industrial classes is to be secured.—Samuel Smiles.

Mr. and Mrs. Ralph McLaughlin

### ONLY A MASK

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily upset by trifles, and they do not eat or sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

## GET RID OF HUMORS AND AVOID SICKNESS

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

and children and N. D. Wing attended the Wing reunion last Thursday and report a very fine time.

## EAST WELD

Aug. 31.

Miss Minnie Buker went to Rumford last week Tuesday, returning home Saturday. She visited her friend and schoolmate, Miss Willa Sweet.

Halford Buker and Mr. and Mrs. Lewis Pratt attended the Wing reunion last Thursday and the dance at Madrid village in the evening. Buker and Pratt were the battery for the reunion ball team, against the Phillips team. It was reported a very good game. Leon Wing returned with Halford Buker and was the guest of I. H. Buker Saturday and Sunday.

Cony Masterman and Floyd Witham were at home over Sunday.

Mr. and Mrs. Hunt and Mrs. Hunt's father, Mr. Richardson of Rumford were recent guests of Mr. and Mrs. Jesse Whitney.

Vencie Whitney is working for William Cushman.

Alton Jones is working for Charles Sanborn.

Mrs. Jesse Whitney and children visited at Frank Jones' one day last week.

Frank Jones, who has been quite ill through the summer is now able to do some light work.

I. H. Buker has sold his three years' old colt to Mr. Dunning of Cambridge, Mass. The colt is to be shipped to Cambridge this fall.

Thermal Conant is working for I. H. Buker.

The district schools began Monday, the 31.

Miss Jennie Sanborn, who has been working at The Maples, is now teaching.

## TIME FOR DIGGING POTATOES

**Crop Is Important One and Farmer Should Not Be Compelled to Buy Them for Table Use.**

Where potatoes are very dirty when taken from the field, some growers wash all the soil off them. Others maintain that it ruins their flavor and palatability. They are certainly far cleaner and more desirable to handle when the hose has been turned on them, and the clinging, hardened dirt washed off.

If the ground is fairly dry when they are dug, and if they are allowed to take the air and the wind for a while, they will usually be clean enough to do without washing. There is every reason for digging them during such weather conditions.

Potato digging should be made a sort of an odd job, one that can be done at any time when there is nothing more pressing to do. The potato crop should be an important one, and any farmer who is forced to buy potatoes for table use should look upon himself as temporarily disgraced.

Enough potatoes are spoiled every year by careless digging to feed a city of the second class for twelve months. Only in communities where the potato is the main and staple crop is there any real care shown in digging and handling this very important food crop.

### Unnecessary Loss.

Coops and egg cases are expensive. Unless sold with the contents, keep a check on them and see to it that they are returned to you promptly. The value of lost coops each season will aggregate a fortune.

### Profitable Farming.

Dairy farming is one of the most approved and profitable methods of live stock farming.

Don't endure the needless pain and torment of rheumatism, aggravated as it is by the hot weather. W. T. Hutchens, Nicholson, Ga., says: "I suffered the aches and pains of rheumatism, swollen feet, irregular painful bladder action, but Foley Kidney Pills fixed me up quickly." Foley's are the best. R. H. ## TORY HILL, PHILLIPS

Sept. 1.

Mr. and Mrs. C. N. Plaisted and Mr. and Mrs. Llewellyn Plaisted attended the Wing reunion last Thursday.

Mr. and Mrs. Berton Moore of South Strong, visited his brother and family, Emery Moore recently.

Alden Moores, wife and son Gerald visited his parents, Mr. and Mrs. William Moores, Sunday.

Howard Gates visited his parents Mr. and Mrs. W. E. Gates, a few days last week.

Fred Chick of West Freeman has moved his family to the home of his brother, Freeman Chick on the Hill for the winter.

Miss Grace Stanley returned to her home in Boston last Friday.

T. B. Hunter is in very poor health. He and Miss Carrie are spending the summer on their farm on the hill.

The much needed rain Saturday has done much toward starting the fall feed, also growing crops. Wells that were low, are full of water and everything looks beautiful.

Wedding bells are ringing right merrily in this vicinity. Old friends extend hearty congratulations to both old and young newly weds.

Mr. and Mrs. F. H. Tozier were in Strong one day recently.

Floyd Smith of Strong visited his mother, Mrs. Wm. Hood Sunday.

Grain has lodged very badly this season. Berries of all kinds have been very plentiful this summer.

Miss Edna Gates returned Sunday from a week end visit with Mr. and Mrs. Bert Lander on Freeman Ridge.

## Getting Rid of Toil.

We all know something of labor-saving machinery in a vague way, but we are not likely to have any idea of the ceaseless, scientific, wide-reaching improvement that goes on in these devices. Magnet cranes that will pick up and carry five tons of loose scrap iron; one-man coal-handling bridges that will unload 500 tons of coal in an hour so that you can see the ship rise in the water; lathes in which ten tools cut into two pieces of steel at one time and one man runs two such machines—these are only three of the new weapons we are now using to conquer the world of things. What are we going to do with it? asks Collier's Weekly.

## Needed No Fortifications.

Brave and fearless the Spartan men were; every man a soldier. While other Greek cities were building fortifications to protect themselves from outside invasion the Spartans did nothing of the sort. Their fame as warriors kept all hostile tribes and nations at a distance. That they were entitled to that fame was evidenced at the battle of Thermopylae when 300 Spartans kept at bay the entire Persian army. They might have won the battle, too; but they were betrayed from the rear, and the 300 Spartans fought until every one of them was dead.

## THE WING

## REUNION

## Over 400 In Attendance to Dine on Beans Baked in the Ground.

The annual reunion of the Wing family was held at their pavilion Thursday, August 27. It was a glorious day and everything in nature looked fresh and nearly 400 were in attendance during the day. The forenoon was spent in shaking hands and social greeting as usual.

At noon a basket picnic dinner was served. The association furnishing coffee and beans (baked in the ground by Ira Wing and Frank Harnden) which were pronounced delicious by all. After dinner order was called by the president, Bion Wing and the following program carried out: Singing, America, by all,

with Mrs. Everdene Hinkley at the organ; prayer, Deacon Morrill Wing; report of secretary, report of treasurer; report of historian; resolutions on the death of Waldron K. Staples.

The following officers were then elected for 1915: President, Bion Wing; vice president, Morrill Wing; secretary, Mrs. Rose Harnden; treasurer, Frank Harnden; historian, Bion Wing; song, Mrs. Everdene Hinkley; recitation, Abbie Mae Cadden; song, Opal Webber; reading, Sarah Wells; recitation, Lucille Webber; song, Violet Hinkley; dialogue, Mr. and Mrs. C. E. Berry; song, Clifford Wing; recitation, Violet Hinkley; song, Evelyn Keene; declamation, Ira Wing, who responded to an encore; song, Kendall Whittemore; reading, Mrs. Maude Lufkin; song, Abbie Cadden; Nellie Lawrence and Nancy Doyen; recitation, Nellie Lawrence; singing, God Be With You 'Till We Meet Again, congregation.

There was a booth very prettily decorated with golden glow, asters, and wild flowers, where Ira Harnden and Miss Hulda Wing sold ice cream, candy and nuts. The proceeds to help defray the expenses of the association.

A very exciting game of base ball was played between the Wing reunion team and the Phillips team, resulting as we understand it, in a tie of 3 to 3.

## BETTER PRICE FOR PRODUCE

## Great Many Farmers Make Mistake of Allowing Fruit and Vegetables to Become Too Ripe.

Many farmers allow dollars of possible profits to slip through their hands by neglecting to properly prepare their produce for market. Fruit and vegetables for a nearby market need not be picked until almost ripe, but for a long distance shipment they must be harvested earlier. A great many growers make the mistake of allowing their fruit and vegetables to become too ripe before gathering and as a result the products that look so attractive when starting reach their destination in an overripe condition. For this reason we must carefully consider the distance to market before harvesting our products.

All tender fruit and vegetables intended for sale in a fresh condition should be carefully handled. Bruised fruits and vegetables soon decay and affect other specimens next to them in the package. This destroys the appearance of the products and ruins its value accordingly.

The most important operation in preparing fruits and vegetables for market is the grading. Careful cultivation saves a great amount of grading. Uniformity is the chief requirement to be considered in grading produce for the market. Products should be packed so that they will be uniform in appearance, quality and condition.

There is seldom a time when nicely packed and honestly graded fruits and vegetables will not bring a good price; it is the poorly packed, poorly developed, unevenly ripened products that are a drug on the market. The experienced packer has in mind the general appearance of the whole package rather than a few choice specimens on top. The better the grading the better the price.

Fred Morrill is building a house on the flat near Dead River bridge.

The telephone crew is at work on the line near here.

## NOTHING IS REALLY SUDDEN

## State of Nerves and Relative Force of Impact Upon the Senses is the Explanation.

The mind is often said to be illuminated by a sudden idea, or the will to come to a sudden resolution. The suddenness is not only apparent to the onlooker; it is felt by the subject himself, when light seems to flash into his mind, or his will to determine itself on an instant. He may talk of inspiration, meaning the unrelated act of some power outside himself. Just as we talk of the suddenness of lightning, the suddenness of an earthquake. We imagine earthquakes and lightning flashes as unrelated, independent happenings, and forget that every earthquake and every flash of lightning are manifestations of an immutable and slowly working law, and could, had men but knowledge enough, have been foretold from the ages.

Things are sudden only because we do not foresee them, and their suddenness is no inherent quality in themselves; it is lent them by our ignorance. The striking of a match may be as sudden as a flash of lightning, and the fall of a pin as sudden as a pistol shot, but in normal conditions they do not make us "jump," because the conditions are the state of our nerves and the relative force of the impact upon our senses. A camel falls suddenly under the last straw, but it is the previous slow piling of all the other straws that is the cause of his broken back. Nothing is, in reality, more sudden than anything else; it is from ourselves, from our lack of comprehension and preparation that the lightning, the earthquake and the pistol shot borrow their suddenness.

## At the Bazaar.

A funny incident happened at a recent bazaar. The minister invited all the people of the parish to contribute something for a mammoth "lucky bag," and a most varied collection of goods was gathered. On the second evening of the fete a respectable citizen, imbued with the spirit of doing good in the church, paid the entrance fee and drew a prize from the bag. A crowd collected about him all anxious to see what he had drawn, and his surprise may be imagined when he got a note with the following inscription:

"Good for one grave, dug any time during the ensuing year."

## "Fatigue" of Metals.

Recent experiments confirm the earlier observations, following the discoveries of Hertz, on the "fatigue" induced in metals by the continued action of the ultra-violet rays of light. This fatigue affects the capacity of metals for photo-electric effects. The observations of Stanley Allen of the fatigue of zinc indicate that the application of the longer light-waves brings about a certain amount of recovery of photo-electric activity. These results, although primarily of technical interest only, possess considerable practical importance.—Popular Electricity.

## Benedictional Kiss.

It is the custom in many sections of the United States for the clergyman who performs the ceremony to kiss the bride. The kiss from the clergyman is a relic of the benedictional pax, which was a charm calculated to bring all marriages to a happy ending.

## PHILLIPS BOYS PLAY GOOD BALL

Winning Two Games Five to Three  
and Four to Three.

In a close and almost errorless game of base ball, Phillips defeated the fast Haines Landing team at Rangeley, on the Lake House grounds last Friday, Aug. 28, by the score of 5 to 3. Both teams started in to win, and Phillips scored once in the first inning while Haines Landing scored twice on an error, this being one of the two errors which Phillips made. Phillips scored again in the third and fifth, making the score 3 to 2 up to then in the ninth, when Haines Landing caged another run and Phillips captured two, making the final score 5 to 3, as neither team was able to score in the ninth inning.

The first baseman on the Haines Landing team is a former New England league player, and the others are equally as good. They have lost only two games this year, once to the Rangeley Lake House team and once to Phillips.

Last Thursday, Aug. 27, at the Wing reunion Phillips defeated a team made up of the Weld battery, three West Rangeley players, and the other players picked from the reunion. The score was 4 to 3 and was one of the most exciting games played around here this season.

Phillips lost to Weld Wednesday, and had a game scheduled with Strong for Saturday but owing to rain, this game was postponed. This would have made four games, four days in succession for Phillips.

Phillips will play two games this week, Thursday at Phillips, Saturday at Strong.

## DINNER GUESTS AT THE MECHAM HOME

A Most Enjoyable Day Passed by  
the Ladies at This Pleasant  
Farmhouse.

Although the clouds were threatening and a little rain fell, Monday morning, it did not dampen the ardor of the ladies, who had been invited to dine with Mrs. Solon Mecham at her home in East Madrid, and the entire number were present with the exception of four, Mrs. E. V. Holt, Mrs. F. W. Atwood, Mrs. Fannie Records and Mrs. M. H. Davenport who were invited, the invitation being given when the ladies met at the home of Mrs. F. H. Thorpe some weeks earlier.

One can see the work of a thrifty housewife all about the Mecham home and the culinary department is not the least of Mrs. Mecham's accomplishments.

The ladies were anticipating the fine dinner which they were certain to have served to them and were hungry even before the several miles drive was taken and they needed nothing to whet their appetites when the call to dinner was heard.

It was a tempting dinner that the guests sat down to. Large mealy potatoes, lamb, pork and ham done to a turn, boiled corn, beets and cucumbers, fresh from the garden, delicious tomato pickles, bread, honey and cheese, apple and blueberry pie, jelly cake, whipped cream cake, oranges, bananas and pineapple with whipped cream. We can guarantee that the cooking of Mrs. Mecham can not be excelled.

The guests busied themselves with croquet, sewing, and chatting and Mr. Mecham furnished some fine music on the graphophone. They also had their pictures "took."

In the afternoon the hostess passed oranges and bananas.

It was nearly 5 o'clock when the goodbyes were said and the departure taken for home, all voting it another red letter day in their lives and thanking the hostess for her hospitality and the pleasant day

### CITROLAX! CITROLAX! CITROLAX!

It's a laxative, of course—and the nicest hot weather drink you ever tasted. Flushes thoroughly, and pleasantly, too. F. C. Chrysler, Syracuse, N. Y., says: "Have used laxatives for 15 years but this Citrolax has got everything else beat a mile." Try it.

## CLIPPING THE CLOVER BACK

Good Farming Not to Allow Plant to  
Produce Seed Year It is Sown  
--Cutting Off Bloom Helps.

When a good stand of clover has been secured by sowing a nurse crop, when it has passed safely through the critical period and this crop has been removed, if the conditions are favorable, red clover, alsike and mammoth are all likely to attempt to produce a seed crop the year they are sown, says Wallace's Farmer. We have seen times, when conditions were very favorable, when a crop of hay would be secured from the spring sowing, and in one case we know of, some years ago, both a crop of hay and a crop of seed were produced.

This would naturally convert this biennial into an annual, and it would be interesting to know just what happened to that field the next year. Our belief is that it would act exactly as two-year-old clover after a crop of hay and a crop of seed has been secured the year after it is sown. We do not think it advisable to permit clover to produce seed the year it is sown. It would undoubtedly weaken the stand, as a stalk that has produced seed has served its purpose, and will be very likely to disappear the next year.

We found out by experience that by clipping our clover back, that is cutting it off high enough simply to take off the seed heads, we secure a much better stand the next year. Therefore, we think it is good farming not to allow clover to produce seed the year it is sown. Care should be taken to do this clipping just at the right time, and to set the cutter bar high enough so as not to injure the plant.

Root Systems of Alsike and White Clover Compared. White Clover Below.

Cutting off the bloom will not injure, but will help it. Where this clipping is too long delayed, the clippings are likely to make too much of a swath, and unless removed will seriously interfere with the stand of clover by shading it. We had this happen once in our own experience.

## IDLE TO TALK OF EQUALITY

Writer Cites Two Typical Cases That  
Seem to Shatter the Beautiful  
Theory.

Two children are born on the same day—born with equal power of body, mind and soul. One is carefully fed, well clothed and housed, taken to the mountains in summer, surrounded by cultured men and women, and by congenial playmates, sent through school and college, and at the age of twenty-two established in a law office with the best of recommendations and prospects.

The other child, badly fed and housed, grows up in an atmosphere of neglect. His body is anemic; his mind is untrained. His father, who never earned more than a pittance, falls sick; so at twelve the undeveloped, neglected boy is sent, without encouragement or outlook, to tie threads in a cotton mill. At twenty-two he is earning nine dollars a week. At times the ambition to study law has fitted across his mind, but who would support mother and the children while he was at his books? He dismisses the thought and goes on with his work.

If the first boy had been similarly reared he would be in the cotton factory. The start was uneven; one boy had a handicap of physique, mental training, soul expansion and ten years of freedom to play and grow. The other boy was damned in his cradle.—Boston Globe.

### Heart Needs Care.

Acute heart strain is practically impossible in the young, healthy and well-nourished adult, but quite likely in all others. Once it occurs the heart is incapable of extra work and falls when called upon to do it. The doctor argues, therefore, that one cannot be too careful to economize in the work laid upon this organ.

According to one physician, he who retires to bed at ten instead of twelve saves the heart \$76,000 foot pounds a year. Lying down a half-hour lessens its labors in the same period by 219,000 foot pounds. If our Sundays were spent in bed the yearly relief to our hearts would amount to nearly one million foot pounds.

## USEFUL CHOPPER FOR ROOTS

Any Blacksmith Can Make Device by  
Following Suggestions Given in  
Illustration Herewith.

It's a slow and tedious job chopping roots in large quantities, and if they are to be fed to animals, a great deal of time is required. Your blacksmith will make a good root chopper by following the suggestions in the picture

herewith. Take to him an old handle of some kind and have it inserted firmly in the chopper and fastened with screws.

The edges of the chopper should be very sharp and the blade should be strong enough not to bend under vigorous chopping.

### Uniform Type in Colts.

Breed the mares so as to secure, as far as possible, uniform type in the colts. This may mean the use of one stallion, or of three or four—but secure uniformity.

### Success of Orchardist.

The measure of success of an orchardist depends upon his knowledge of sprays and the ability to apply them at the proper time and in the right manner.

Here is one case of it.

"My back pained me almost constantly for six months," says Eben Tyler, retired farmer, of Pleasant Road, Phillips. "I was lame and sore all over and it was hard for me to move. The secretions from my kidneys passed too frequently and my health was run down. Finally I read of a party in town who had been cured by Doan's Kidney Pills, so I got a box at Cragin's Drug Store, now R. H. Preble's Drug Store. The results of their use both surprised and delighted me and I am now in good health. The public statement I gave some years ago in praise of Doan's Kidney Pills still holds good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tyler had. Foster-Milburn Co., Props., Buffalo, N. Y.

## IN AND ABOUT PHILLIPS

Mrs. George Barton, nee Lou Beal, formerly of Phillips, has been appointed chairman of the committee to reduce the cost of living, at Victoria, B. C.

Mrs. T. J. Hooper of Woodfords, sister of Mrs. William Calden, was her guest for a few days last week and also of her nieces, Mrs. Willis Hardy, Mrs. M. W. Harden and Mrs. Birchard Whitman. Mrs. D. F. Hodges has also been a guest of these relatives on her return from a visit in Skowhegan.

Mr. and Mrs. L. J. Brackett and young son Trueman of Parley Vale, Jamaica Plain, Mass., returned home Monday of last week, from their cottage at Ocean Park, Me., where they have been during July and August. Their older sons, Anthony and Nathan, who have been at Camp Marlonfield, Chesham, N. H., during the season, will return home Monday of this week.

To kill your town in short order, buy of peddlers as much and as often as possible. "Denounce your merchants because they make a profit on their goods. "Glory in the downfall of a man who has done much to build up your town. Make your town out a bad place and stab it every chance you get. Refuse to unite in any scheme for the betterment of the material interests of the people. Tell your merchant you get goods a great deal cheaper in some other town and charge him with extortion. If a stranger comes to your town, tell him everything is overdone and predict a general crash in the near future. Patronize outside newspapers to the exclusion of your own, and then denounce yours for not being as large and as cheap as the city papers. If you are a merchant, don't advertise in the home paper, but compel the editor to go elsewhere for advertisements, and howl like a sore head because he does so."

Mr. Columbus Hayford of Presque Isle was in town last week to visit his cousin, Mrs. Albert Worthley. Mr. Hayford is one of the potato kings of Aroostook county.

A business meeting of the Federated church will be held at the Parish House next Monday evening, Sept. 7 at 7.30 o'clock. If you are a member of the Federated church, make it your business to attend this first meeting after the summer season and start the year right. There is important business to be attended to.

Mrs. C. E. Parker returned from Stratton Monday, where she has been for two weeks visiting her son, Floyd E. Parker and wife. Mrs. Parker and little son returned with her for a month's visit with her parents, Mr. and Mrs. Rufus Beede.

The 1913 Club was entertained by Mrs. F. S. Haley last Friday. Refreshments were served. The next meeting will be held with Mrs. O. H. Hersey the last of September.

Mrs. J. F. Hough visited in Waterville last week. In her absence Mrs. F. A. Lawton looked after her work at the Elmwood.

Mrs. N. P. Noble, Mrs. F. W. Atwood and Mrs. N. U. Hinkley were dinner guests of Mrs. D. F. Field at the Elmwood, last Friday, the invitation being in honor of the birthday of Mrs. Hinkley.

Mrs. H. B. Smith and daughter of New York, who have been guests at Mingo Springs, spent the day last Friday with Mrs. Diana Aldrich, coming by automobile. She was accompanied by Mrs. Edeson of Boston and Mrs. B. C. J. Eastman, who were dinner guests of Mrs. J. W. Brackett. Mrs. Edeson is Supt. of the Home for Working Girls in the Temporary Home for Working Girls in Boston, and has been a guest at Mingo Springs for a week or two. She returned to Boston Saturday.

Over 200 people attended the reception recently at Springvale given to Rev. and Mrs. J. B. Ranger at the close of his pastorate. Many complimentary words were given him in the report for the good work he has done during his 13 years' pastorate there and it is with much regret among the people that he leaves for Presque Isle.

Mrs. Rufus Beede, who has been in Stratton for several weeks with her daughter, Mrs. Floyd Parker, returned home several days ago.

Mr. and Mrs. Harold Daggett of Lynn, Mass., have been visiting his parents, Mr. and Mrs. W. J. Daggett.

Mrs. Charles P. Leard of Auburn is in town visiting her sister, Mrs. Harry Goodwin.

Mr. and Mrs. Lester Bean are now visiting at Mr. Bean's home in Bethel, after visiting Mrs. Bean's brother, Dr. Fitch in Claremont, N. H.

Miss Shirley Holt has been on the sick list a few days this week.

Harry Thompson of Sabattus, a nephew of Mrs. Fred Ross is visiting there.

The King's Daughters will meet for the first time after the summer recess with Mrs. M. W. Harden Friday of this week.
